Ladies' Night Sponsored by Legion Proves Splendid Social Event

Boy Scout Group Committee Resigns — To Purchase Special Remembrance Flag

Last Saturday evening, some 70 Legion members and their guests enjoyed a special ladies' night at the Legion Hall. The special event marked the first official social function of a busy fall programme planned by Branch No. 228.

Dancing formed a major part of the programme. Music was provided by a special record player rented for the occasion. Following the dance, a delicious buffet luncheon was served featuring cold roast turkey and beef.

Everyone in attendance was impressed and pleased with the suitability and appearance of the new terrazzo floor. The new floor was put to the test by the dancers and many compliments were received. A number of spot dance prizes were awarded during the course of a most enjoyable evening.

October Business Meeting Held

The regular October business meeting of Branch No. 228 was held on Tuesday evening. A relatively small attendance was noted for this important session which dealt with several major items of Legion business.

The meeting approved an executive proposal which will allow the rental of the Legion Hall to groups or individuals. The Branch President is to have single authority in renting the hall under the conditions approved by the general meeting. Plans for the forthcoming Poppy Campaign were also finalized.

To Purchase Special Remembrance Flag

The Legion will purchase a special Remembrance Flag which will be flown at the Memorial Park during the Poppy Campaign. The purpose of this flag is to remind all citizens of their responsibility and the great debt we owe the fallen Canadians of two World Wars.

Work Planned at Arena

Several important items of work have to be done right away to put the Legion Arena in shape for the coming winter season. A special work party is scheduled for the arena next Wednesday, October 9th at 7.30 p.m. Anyone who can devote two or three hours to this cause is asked to be on hand at the arena next Wednesday.

Boy Scout Group Committee Resigns

The local Boy Scout Group Committee, which is sponsored by the local branch of the Legion, advised the meeting that it was resigning as of October 31st. As the sponsoring body, the Legion will have to take immediate steps to form a new committee.

The Legion has sponsored Scouting for a number of years. With Legion membership also committed to many other local activities such as arena operation, it would be almost impossible to constitute a committee of Legion members. It would seem that the branch must now determine whether or not it can continue as the Scout sponsor in this community.

If it is determined that sponsorship would be better under some other organization, then steps should be taken to bring this about. However, if the Legion decides to remain as the sponsoring group, then immediate steps must be taken to appoint a new group committee. Arrangements are presently being made for a joint meeting of the Branch Executive and the retiring group committee to go into the matter further. In the meantime, the Legion would be pleased to hear from any local organization or individuals interesting in scouting in Stirling and district. Please contact Branch President Allan Lawes in this regard.

Plans Made for Remembrance Day

Plans for Remembrance Week activities were discussed by the meeting and a complete announcement will be made next week through the Legion column. It was also decided to hold the annual Hallowe'en dance on Saturday, October 26th. Further details will be announced at a later date.

The mailing lists of the News-Argus have been corrected up to date and subscribers are asked to check their labels for the expiry date of their subscription. Should there be an error please contact this office at once, so that any mistake may be rectified. If in arrears a settlement would be appreciated.

There are still a number of subscribers over a year in arrears who have failed to bring their account up to date. The costs of publishing a weekly newspaper are such that we cannot afford to carry delinquent subscribers indefinitely. Failure to make arrangements for settlement can only result in cancellation.

Ranger News

The second regular Ranger meeting was held on September 25th with nine girls present. It was in the form of a hard times party in St. Paul's United Church.

Following the Lord's Prayer and the minutes the new business was discussed. A bake sale was scheduled for October. An idea about selling personalized chocolate bars was mentioned and everyone was in favour. The President read an invitation inviting the group to tour the Retarded Children's Home in Plainfield on October 19th. Everyone thought that this would be a worthwhile excursion. Lynda Wagner invited the Rangers to her home for the October 9th meeting.

Games, arranged by the programme committee, were played and everyone enjoyed a box lunch which each had made herself. The evening was closed with everyone joining in singing Taps.

Wrecked cars and other evidence of a recent accident always attracts a lot of attention. The Ontario Safety League points out that the curiosity that makes drivers crawl past an accident scene on a busy highway often delays and irritates hundreds of following drivers, thereby increasing the risk of further accidents. If you can't' help . . . keep moving!

Thomasburg Wins Softball Title

The Thomasburg softball team has captured the OASA Intermediate "D" championship by completing a two-game sweep over Electric of western Ontario this past week-end.

Thomasburg, playing the best ball of the season, nipped Electric on the latter's diamond 4-3 last Saturday. Earlier, the champs had topped the visitors 17-12 at Madoc.

This marks the first time that the crown has come to this area and the proud Thomasburg players are most worthy champions. The team is coached by James Seekings.

Eldon Gray pitched fine eight-hit ball to earn the 4-3 victory, firing third strikes past 15 Electric batters.

Burton Sherry slammed a home run on Thomasburg's behalf while other offensive leaders were Terry LeSage, of Tweed, and David Calvert. Both teams played errorless ball throughout.

Each player on the Thomasburg team was presented with an official OASA championship crest.

Evening Unit 4 St. Paul's UCW

The opening meeting of the autumn season of St. Paul's United Church Women Evening Unit Four was held at the home of Mrs. Robert Hatton on Thursday evening, September 12th.

The collection was received and dedicated. Mrs. R. Hatton took the roll call, showing an attendance of 12 members and 2 visitors. Mrs. H. Lyons, Secretary, read the minutes of the last meeting. Thirty-three calls were reported to the Community Friendship Secretary. The bazaar was discussed and two work meetings were planned for work in connection with this.

The meeting was handed over to Mrs. M. Bell who had charge of a chapter from the book, "On Asia's Rim."

A dainty lunch was served by the lunch committee. Mrs. Hatton received a vote of thanks for opening her home for the meeting. The benediction closed a very profitable meeting.

OF MANY THINGS

(By Ambrose Hills)

TELEVISION SLIPPING

In my opinion, the television industry has been very short-sighted in letting itself fall into a summer holiday mood, the way radio onec did.

This summer, television has been drab. The big shows have been repeated — and nothing could be duller than the repetition of a suspense story, shallow when first seen, and almost repulsive when one already knows the disappointing climax.

It will be January before families get back into the habit of watching — especially if the same old fare is offered.

Industry in Canada suffers from our severe climate. They have been smart enough to succeed in spite of it, and when given half a chance they have managed to compete with industries in other countries where the climate makes stock-piling easier, and where there are other advantages.

Television people, then, should surely be able to provide us with something better than they have been doing. If they are going to let our short but lovely summers defeat them, they deserve very little sympathy. The private television broadcasters, of course will bear the brunt of their own folly. The CBC's lack of initiative in summer will be charged up to us, the involuntary shareholders in its huge investment.

FALL FASHIONS IN PLUMS

Fall plums, with their rich, glowing colours inspire many of the beautiful tones used in milady's fall fashions. Though plum colours range from pale gold and green to deep red and dusky purple, it is in September that the meaty, flavourful blue plums dominate the Canadian market. The largest of the blue plums is the Grand Duke followed by the Stanley and Italian Prune. All have yellow flesh and purply-blue skin. The small blue Damson plum is very tart and bitter and is excellent for jam making. The small Green Gage is popular for both commercial and home canning and for jams.

When you are buying plums you will look for those that are sound and mature, fresh in appearance and fully coloured for the variety. Ontario and British Columbia are the largest producers of plums in Canada. Since plums may be shipped from Province to province one may find Ontario plums as far west as Calgagry and as far east as Halifax and B.C. plums as far east as Winnipeg. When they are shipped outside of the province in which they are grown they must be graded according to federal standards and are marked Canada No. 1.

Plums at the peak of the season can be used in many ways. They are good for dessert or for snacks at any time of the day and are handy to carry for lunches. They are also low in calories. One medium plum contains only about 25 calories. The home economists of the Consumer Section, Canada Department of Agriculture suggest that you take advantage of plums to make stewed plums for breakfast or dessert, a plum sauce for puddings or ice cream and for a special treat, a flavoursome plum pie. Plums add colour and variety to fruit salads and when stuffed with cheese make an attractive garnish for the salad plate.

Fresh Plums With Cheese Filling

- 6 tablespoons cream cheese
- 1 tablespoon salad dressing or mayonnaise
- Few grains salt
- 1 tablespoon chopped walnuts or pecans
- 1 tablespoon finely chopped celery
- 6 large or 9 medium fresh dessert plums

Cream the cheese with a fork, add salad dressing and salt and blend thoroughly. Add nuts and celery and combine well. Wash plums, cut in half and remove pits. Spread each half with cheese mixture allowing about 1½ teaspoons for each large half and about 1 teaspoon for each medium. Leave as half plums or press two halves together. Serve as an appetizer with cold meat, or as part of a fruit salad plate.

THE BIBLE TODAY

The distribution of Scriptures in Japan in 1962 was more than 2,750,000 copies. Compared to this Canada shows under 700,000 copies. These figures include whole Bible, Testaments, Portions and selections.

Japan's population of over 90 millions of people is only 1 per cent Christian — 450,000 Protestants and 350,000 Roman Catholics.

A remarkable feature of Japanese Christianity is the "No-Church" Movement of several hundred thousand which relies upon Bible Study.

Publication in Colloquial Japanese, the Kogotai, after the second World War, has contributed largely to the present popularity of the Scriptures. Japan produces Scriptures of the highest quality and the Japan Bible Society has played a great part in distributing Scriptures in South East Asia by making a generous gift to the Indonesian Bible Society.

Various means are being used to encourage Bible reading among new readers in many languages. The value of the illustrated Scripture portion, as an introduction to the New Testament and ultimately to the whole Bible, is shown by the response in the Japanese, Spanish, English, Arabic, French and Italian editions to this method.

CLOSE TO HOME

I think there is a song or is it a poem titled "Close to Home." In the writer's case very little time is spent near home. Of the twelve thousand miles travelled by car since the first of June, most have been off pavement and considerable distance from home. Perhaps this is why several short side-trips of late have provided me with a welcome change of pace. One such trip recently made was to pretty OAK HILL LAKE, 3 miles south of the Village of Stirling. The lake is ¾ of a mile wide and one mile long, a very pure and deep lake that is spring fed. The main game fish here are bass and pike. Oak Hill Lake is also stocked with Lake Trout and for the panfish addict mudcats, perch and suckers abound.

In addition to a great many private cottages, tent and trailer accommodation is available along the Oak Hill Lake Road. A Mr. and Mrs. McDonald of Trenton (he is a Bank of Montreal manager) are just wrapping up their second camping season at Oak Hill Lake Camp. They have their own trailer and it is parked with a view of the lake. While hubby is at work Mrs. McDonald puts in most of her free time in the lake in pursuit of big fish. She is an avid fisherwoman and fishes by the Solunar Tables. She has taken some dandy bass this season, and back in August caught a 36 inch 12¼ lb. Northern on a frog.

Not far from Stirling in the Meyersburg area more big fish have made headlines. The latest was a 33 pound Maskinonge taken on a Williams Wobbler. The fish was caught by a Toronto man while guesting at Bob Tait's PERCY BOOM LODGE. The Percy Boom area and Percy Reach certainly yields large fish.

ELSEWHERE

Jim Jones the well-known Travel and Publicity Inspector told me recently he has had considerable success this year with muskies despite having to limit his angling hours to Sundays. Jim has averaged a nice lunge every week-end for the past month. His fishing is all done in Lake Katchawanooka. Fall fishermen would do well to get in at least one more trip for lunge and the walleye angler should try the dams at Buckhorn Burleigh Falls Young's Point and Healey Falls. Fishermen can still be seen on the famous fishing bridge at Hastings. The Williams Wobbler has been taking a large number of fish of late and is a lure everyone should carry. Another that is good at this time of the year is the Midolure. Also the Brook's Reefer, especially a black one.

THEIR GOOD NEWS

Directors of the Great Pine Ridge Tourist Council were informed at a recent Director's meeting that the Department of Highways plan to erect signs on Highway 401, at the boundaries of the various regional tourist areas. The news was warmly welcomed by the Pine Ridge folks who have been after this very thing for some time. It was also announced at the same meeting that the membership in the Great Pine Ridge Tourist Council is now approximately 130 members. This is a new high for Pine Ridge.

In the Fall of the year nature performs two leaf miracles before our very eyes. One of these the glorious colouring of our hardwood leaves, is the subject of many photographs, songs and writings. The other, the shedding of these leaves, is not as spectacular but is equally wondrous. To see the current riot of colour take the kiddies and drive throughout the countryside this week-end. Pack a picnic basket and stop enroute for a snack and closer inspection of this colourful autumn. Colours in the Bobcaygeon, Buckhorn and Burleigh Falls districts are especially brilliant at present. A motor tour along Highway 36 is recommended. Ferris Memorial Park at Campbellford is ablaze with colour right now and worth visiting. Whatever you do don't forget the camera and your litter bag.

HERE, THERE AND EVERYWHERE

Bob Carnegie and wife Laura (formerly of Galt) are nearing the completion of their first season as tourist camp operators. The Carnegies, new owners of ROYAL VIEW LODGE in the Haliburton Highlands have made great strides in their first year in business. We congratulate them. We also tip our fisherman's cap (it's the only hat we wear) to Mrs. Lillian Stephens, of Apsley. Mrs. Stephens is the amiable lady that does duty in the Apsley District Tourist Association's Highway 28 Information Booth. She is a very charming person and most helpful to the motoring public. This year to date she has greeted 300 Apsley District visitors.

And finally, a reminder to the naturalist that this is the time of year when the Sandpipers, plovers and other shorebirds may be seen in great numbers. Enroute to southern wintering areas they migrate at night, as do most small birds.

CBC RADIO AND TV FEATEURES THE OUTDOORSMAN

The writer recently guested with George Carnegie, host of the CBC Radio series THE OUTDOORSMAN, (yes they have our written permission to use the copyrighted name). The series began this spring and is heard at 6,15 p.m. Saturdays, although we understand a new time for the programme is about to be announced, Carnegie is the crack shot who has on two occasions represented Canada in World Shooting Competition. During my appearance on his programme we discussed fall fishing. While on yet another programme in the near future we will be telling listeners of the work done by Outdoor Writers of Canada.

The CBC have just commenced a television version of THE OUTDOORSMAN, as a rather belated replacement for the old KING WHYTE SHOW. We understand that the Toronto Telegram's king-size outdoor scribe TINY BENNETT will act as host.

PETE McGILLEN the veteran Outdoor Expert for the Tely is as many already know the host of a regular Outdoor Show over Toronto television station CFTO.

All of which makes me wonder why more local stations such as CHEX-TV, Peterborough; CKVR-TV, Barrie, and CKWS-TV, Kingston, do not schedule a live Outdoor Show. Many of us wish they would.

Eastern Breeders To Hold Sale

Included in the outstanding entries in the 2nd Annual Eastern Breeders Incorporated Holstein Sale to be held at the Fair Grounds, Kingston, on the 15th of October, is the Reserve Junior Champion Female at the Shawville Black and White Show. She is consigned by Arthur Kilgoor, Shawville, Que.

The many owners of stock sired by the Excellent and Extra Almerson Sovereign Supreme will be interested to know that he sired the first four Gets at the Northumberland Black and White Show and the first three Gets at the Durham Black and White Show. Two of his sons are now in service at Eastern Breeders. They are Summit View Statesman and Peel Lodge starmaker. Both are from Excellent high producing dams.

The Good Driver

The Ontario Safety League hopes that many people will read this editorial (from the Pembroke Observer).

It isn't easy to persuade Canadians to think of the consequences that could result from their bad or dangerous or careless driving habits. It would be easier if it was possible to make every motorist, if only for a moment or two, know and feel the horror of a motor accident; but that's a difficult thing, too, with mere words. Perhaps a Saskatchewan newspaper reporter has come close.

Suppose for a moment you are the driver of one of two cars involved in a collision on Saskatchewan's Highway 14 about 140 miles east of Saskatoon. In your car, or perhaps the one you hit, there are two adults and nine children. That's the car that overturned in a ditch and burns.

"The burning car was a great screaming monster" wrote the reporter, "The entire car was like a live thing as children fought to get out of it." The parents and four children did get out, thanks to the courage of two men. But five were trapped.

If you were one of the drivers of one of those two cars, the whole scene would be lit up for you by the flames. You don't want to watch, but it can't be helped now. If the five kids had died cleanly, you will think later, it would have been bad enough. But they didn't die cleanly. They burned alive, screaming and beating on the car all the time. The writhing bodies seemed to be wound around each other, as well as being wedged between the car seats and the roof. You are sick. The screams and the tormented faces will live in your memory for all time.

You weren't one of those drivers, of course. But how many times have you taken chances, done things which might have led to a burning wreck except for the grace of God? Those children who died in the roadside inferno in Saskatchewan on the August holiday should prey on the conscience of every man or woman who has ever driven a car, for the fearful carnage on Canadian highways, of which it was but an example, is the shame and the terrible crime of the nation.

THOUGHTLESS QUESTION

The couple were sitting in the living room, the husband immersed in his evening newspaper and the wife lost in thought.

Out of the blue the wife said, "I've changed my mind."

"Good," commented the husband without taking his eyes off the paper. "Does it work any better now?"

Great fires from little embers grow; be careful with fire in the forest.

High School Juniors Defeated

(By Paul Leonard)

"End run" was the battle cry as the Marmora Juniors defeated Stirling Juniors by carrying the pigskin around the end for yards as well as touchdowns.

I feel that if this could have been avoided, Stirling would have reversed the score. They proved that they could hold the line, block the converts, carry the ball, pass and receive, and actually score. This combination usually comes out on top. Tuesday it didn't. Marmora scored at least once in each of the first three quarters. Feeling that they had been the perfect host for too long, Stirling refused to let them score in the last quarter. In fact, Stirling, led by Barry Pyear, moved the ball over the goal line for a touchdown. Dave Short ran the convert making the final score 25 to 7.

Wellman's UCW

Mrs. Robert and Mrs. Howard Wallace were hostesses to the Wellman's United Church Women on Tuesday, October 1st. There were 11 adults and 2 children in attendance. The President, Mrs. John Carlisle, gave the call to worship and the hymn, "Let Us With A Gladsome Mind," was sung.

Miss Emma Rainie conducted the devotional period, opening with prayer. The hymn, "We Plough the Fields and Scatter," was sung. Mrs. W. G. Fletcher read from the Bible Mark 4: 4-20, the parable of the sower. Each person present gave a Scripture verse containing the word "reap." Miss Rainie commented on tasks connected with harvesting. She compared it to our lives in that you reap what you sow. Miss Rainie gave a brief history on the first cemetery in Rawdon which was situated at Wellman's.

The minutes read by the Secretary, Mrs. Kenneth, Tompkins were approved. Correspondence was read and contributions were made to the Lay Foundation and the Overseas Relief Fund. Mrs. Carlisle dedicated the offering which she had gathered.

Rev. W. G. Fletcher was in charge of the Bible study basing the discussion on God and evil. The problem of evil is the greatest problem. Illustrations were given of the various types of evil. He stated that religion has to face up to the problem of evil.

Mrs. Clifford Clancy gave a reading entitled "Ephriam." Mrs. Gerald Russett contributed a vocal solo, "Sing to the Lord of Harvest."

Mrs. Carlisle thanked the hostesses and those taking part in the program. Rev. Fletcher closed the meeting with the benediction.

The hostesses and their assistants served dainty refreshments while all enjoyed a social half hour.

Matters of Routine Occupy Time of Village Council At Regular Meeting

Deputations Heard—Bylaw No. 649 For Holding Court of Revision Was Passed

Members of Stirling Village Council met in regular session on Monday night with Reeve G. C. Mouck presiding and Councillors J. Chambers, Geo. Noble, B. Jones and R. Anderson in attendance.

Charles MacKenzie, representing MacKenzie Feeds Limited, addressed Council seeking permission to instal a small grain dump pit at the northern end of the present loading platform on James St. The other alternative, stated Mr. MacKenzie, was to place the pit in the wall of the building which would necessitate blocking the street while unloading operations were being carried out. The former plan would eliminate this and facilitate operations considerably.

Members of Council acceded to his request on condition that he would remove the pit if and when he was requested to do so by the Village.

Warren Haggerty, Church St., addressed Council relative to the assessment of his property, which he deemed unfair in relation to some other properties in town of similar size. It was pointed out that re-assessments had been carried out on some properties since Mr. Haggerty first made his complaint but there were still some inequities.

Albert Campbell, who has been collecting salvage at the Village dump for some years, complained to Council that a second party was transgressing on his rights. A lengthy discussion ensued on the condition of the Village dump and members of Council were of the opinion that the principle of "first come first served" should prevail insofar as collection of salvage was concerned. Councillor Jones, chairman of property, stated he had authorized Mr. Godfrey to collect salvage at the dump and felt that Mr. Campbell had no legal preference in the matter. On motion of Councillors Anderson and Jones, the matter was laid over for further investigation.

Reeve G. C. Mouck was authorized to issue a Proclamation for Fire Prevention Week on motion of Councillors R. Anderson and Geo. Noble.

A communication from County Clerk C. Bateman relative to reassessment under section 53, elicited the information that new construction in the latter part of a year should be assessed for that part of the year, with a portion of the increased revenue going to the County.

John Pringle, Clerk of the Peace, Belleville, advised Council that Jurors should be named for the Grand and Petit Juries on October 10th. On motion of Councillors Jones and Anderson, the Reeve, Clerk and Councillor J. Chambers, as senior man, were authorized to make the necessary selections.

The report of Chief of Police Chas. Hicks was received and after being viewed by members of Council was adopted.

Angus Todd, Campbellford, wrote Council with some complaints and suggestions for improvement in the appearance of Stirling Cemetery. The letter was order fyled.

A request for rental of the Community Hall each Saturday for a few hours at a nominal fee was rejected by Council due to cost of heating the hall for a limited time during the winter months.

The Stirling Agricultural Society will be notified that a window was broken and window blind torn down during the dance in the Community Hall on Fair night and the cost of replacing same was $10.00, on motion of Councillors Chambers and Noble. It was the consensus of Council that parties renting the hall should be advised of their responsibility for any destruction of property that might occur during their rental period.

Bylaw No. 649 appointing time and place for holding a Court of Revision on the 1964 assessment was given its several readings and passed.

The following accounts were passed for payment:

High School Srs. Trounce Marmora In Rugby Friday

(By Paul Leonard)

Man! That was a football game. The school spirit was so thick you could cut it with a knife as the Stirling Seniors "muckled" the Marmora Seniors by a cosy score of 13 to 0 on Friday afternoon last at the local high school.

Following the "Pep Rally", players like Jim Haggerty, Doug Holt and Bill West went through the line fast and creamed the Marmora ball carrier every time. Andy Faulkner was kicking his usual great game. Doug Bird and Allan Wrightman really ploughed through the line with the ball. Allan scored one touchdown this way while Doug Bolte moved in swiftly and fell on a Marmora fumble for the other touchdown. John Noble, the quarterback, kicked one convert giving the local squad a point and missed one other by inches.

With half the school and a number of local businessmen cheering for them, the team couldn't lose.

Stirling is now undefeated and in first place. They will try to extend their winning streak this Thursday against Madoc.

Stirling Legion Make Plans For Annual Canvas for the Poppy Fund

Very shortly, members of Stirling Branch No. 228 of the Royal Canadian Legion will be calling on all local and district businessmen as the first step in the annual Poppy Campaign. Plans have also been completed for a representative of the Legion to call at all local and district schools with Remembrance Poppies for every pupil.

The money you donate to the Legion Poppy Campaign helps the Canadian Legion fight human misery among Canada's disabled veterans and dependents. Yes, for some there are pensions. But no pension covers such emergencies as family illness, medical bills or a fire. Your poppy contribution means quick help when it is needed most. The Stirling Legion asks all citizens to give generously.

Your purchase of a wreath helps in many ways. First, all wreaths are manufactured by disabled veterans and these men earn their living in this way. To most of them it is the only means they have of earning a living. When you purchase a wreath, these disabled veterans benefit. The Legion Poppy Fund also benefits because there is a modest profit in the sale of every wreath.

Be Generous To The Canvasser

When a Legion canvasser calls on you in the near future, we ask you to keep in mind that all monies earned in the Poppy Campaign are held in trust by the Legion and may be spent only for the aid and relief of veterans who can not find assistance through normal channels.

There are some additional facts which the public should know about the Legion Poppy Campaign. It is the only co-ordinated national appeal to the public for funds to alleviate distress among ex-service personnel and their dependents. It is the only time the Legion as a national organization goes to the public with an appeal for funds. It cannot be merged with other public appeals such as the United Appeal, because its primary purpose is the distribution of Poppies as emblems of Remembrance.

Legion branches annually distribute over $300,000.00 in direct assistance to veterans and their families. Although assistance to veterans from the Poppy Fund is usually of a temporary nature, the Legion also finances its Service Bureau from this fund. The Legion Service Bureau is of a permanent nature designed to assist all veterans (not just Legion members) in their pension problems. Last year in Canada over 6½ million emblems of Remembrance were distributed by the Legion.

Stirling Legion has planned a very complete programme of Remembrance for 1963. A considerable number of enthusiastic and devoted Legion members will attempt to carry out this programme. The general public is invited to take an active and significant part in Remembrance.

Harvest Home Tea and Bazaar at Mt. Pleasant

Mount Pleaasnt Rawdon United Church was decorated with an autumn scene featuring a pair of ducks and a special floodlit worship centre which depicted the Bread of Life. The Church Hall was a bower of beauty with a large branch of maple leaves, a realistic owl and autumn fruits, vegetables and leaves on the tables and window sills for the Harvest Home tea and bazaar held Friday evening, October 4th.

There were three booths for the bazaar. The colourful aprons of all materials and sizes were displayed along with other smaller items of sewing.

The homebaking table provided cookies, delectable cakes and a variety of pies.

The country store had a large assortment of rosy red apples, golden pumpkins, citrons, jams and relishes, fresh eggs, homemade candy, popcorn and other items.

Several ladies were in charge of these three booths and all was eventually sold and carried home.

Guests were in attendance from Dartford, West Huntingdon, Bethel, Wellman's, Hoard's and Stirling.

Mrs. Garth Joslin officiated at the console of the organ and provided soft music. Mrs. Percy MacMullen was financial treasurer. Mrs. W. G. Fletcher and Mrs. Kenneth Weaver received the guests as they arrived at the Church. The worship was in charge of Mrs. James Hoard. She was assisted by Mrs. Ross Jeffs and Mrs. Herbert Smith.

Mrs. Donald Heath, of Bethel, was guest soloist and Mrs. Harold Elliott was the piano accompianist. Selections were read by Mrs. Douglas Campbell and Mrs. Raymond McConnell and Mrs. Weaver contributed a musical organ solo.

Miss Ida Honey Guest Speaker

Mrs. Donald Knight introduced the special guest, Miss Ida Honey, of Dartford, daughter of Mr. and Mrs. Charles Honey.

Ida graduated from Peterborough Civic Hospital in 1958. During the two following years, 1959-60, she made a personal tour of Europe. Later in 1960 she spent two weeks in Mexico and then took a position in Oakland, California. Here she met a christian organization called "The Navigators." Later she enrolled as a student at the Colorado Springs Bible College. During her training at the college she learned of the need in Lebanon and she decided to accept an invitation to go with Rev. Scott and his wife and small family to that land where she spent the past fourteen months and just recently returned to her home in Dartford.

Miss Honey gave a delightful travelogue with scenic pictures of Lebanon and the Jordan Valley. The scenes showed beautiful trees and flowers, ancient buildings and modern universities. The market stall scenes gave a glimpse of what is grown in that country. Natives were pictured in their flowing costumes. The pictures were very beautiful and they portrayed the way of life in Lebanon.

Mrs. Thos. Sarles voiced thanks to Miss Honey for her generosity in sharing her experience with the group and she made the presentation of a small gift as a memento of the occasion. All sang a hymn and the pastor Rev. W. G. Fletcher pronounced the benediction.

The guests then visited the Church Hall and made their purchases at the three booths. They were then served a salad plate luncheon at decorated tables by a group of serviteurs. At the close Mrs. Clayton Thompson, of Hoard's, voiced appreciative thanks to the Mount Pleasant group for such a fine evening of fellowship.

The speaker gave a graphic picture of how July 1st, 1867 was celebrated with 33 delegates and she gave a brief outline of the best known men of the Fathers of Confederation. The Federated Women's Institutes of Canada hope to have the Adelaide Hoodless home completed by Centennial year, and they also have various plans for provincial handicraft exhibitions. In closing, the speaker said to ever remember that a nation cannot rise above the level of its homes.

Mrs. Kenneth Myers voiced thanks and presented the District President with a small memento of her visit.

Lounsbury -- Spencer Wedding Solemnized

Rylstone United Church was the setting for a pretty fall wedding on Saturday, October 5th at 2.00 p.m. when Patricia Ann, daughter of Mr. and Mrs. Wilfred Spencer, Rylstone, was united in marriage to Gary Edwin Lounsbury, son of Mr. and Mrs. G. E. Lounsbury, of Hastings R.R. 2. Rev. H. E. Beare, of Roseneath, assisted by Mr. Harold Pillen, minister of Spring Brook Charge, officiated at the double ring ceremony before an altar adorned with ferns and baskets of bronze and yellow 'mums. White satin bows designated the guest pews.

Miss Helen Morrow, Stirling, presided at the piano and accompanied the soloist, Miss Linda Morrow, of Stirling, who sang, "O Perfect Love" and "Because."

The bride, given in marriage by her father, wore a floor length gown with fitted bodice and scoop neckline of white organza over taffeta with embroidered applique on neckline and full skirt draped at the back with a large bow. Her head-dress was an organza rose surrounded by tiny seed pearls held in place by a shoulder length appliqued veil. She carried a white Bible with a bouquet of pink sweetheart roses.

Miss Sherry Spencer, sister of the bride, was maid of honour and the bridesmaids were Miss Joyce McGee, Stirling, and Miss Virginia Davis, of Glen Miller, gowned alike in blue satin gowns with scoop neckline, full skirt with large bow in the back with matching headdress of blue satin bow and circular veil and matching shoes. Each wore a tiny pearl necklace, gift of the bride. They carried a semi-cascade of white shasta 'mums.

The flower girls were Miss Debbie Dooher and Miss Karen Thomson, nieces of the bride, gowned alike in white organza with a wreath of roses in their hair. They carried baskets of white and pink 'mums.

The groomsman was Mr. Fred Spencer, brother of the bride. The ushers were Mr. Gary Taylor and Mr. Casey Van Hoaydonk, brothers-in-law of the bridegroom.

For the reception held in St. John's United Church auditorium, Campbellford, the bride's mother received in a champagne brocaded satin jacket dress with biege accessories and a corsage of yellow roses. The bridegroom's mother assisted wearing a silver blue brocaded satin jacket dress with biege accessories with a corsage of red roses. The bride's table was attractively adorned with white linen, centred by a wedding cake ornament of love birds, wedding rings, bells and lily of the valley. The bridal bouquets completed the setting.

For her going away ensemble the bride chose a blue brocaded dress with three-quarter length duster, blue marabou hat and black patent shoes and bag, changing later for their boat trip up the Trent Waterways.

Guests were present from Detroit, Mich.; Napanee, Rexdale, Mount Denis, Glen Miller, Peterborough and Campbellford.

Mr. and Mrs. Lounsbury will reside at Peterborough.

Norwood Fair This Week-End

The slogan this year for Norwood Fair is, "It's better, you'll see in '63." Every effort is being made to live up to this challenging objective.

The Lieutenant Governor of Ontario, the Honourable Earl Rowe has consented to open the fair on Monday afternoon. The famous Red Knight with his breath-taking display of aerobatics is expected to delight the Monday crowd. The RCAF will do a fly-past on Monday afternoon to honour the occasion.

The Saturday programme will be featured by a tug-o-war between Hastings, Havelock, Asphodel and Dummer. Music will be provided by the Campbellford Citizens' Band. The public school competitions have been tansferred to Saturday to help to round out this day's programme.

Monday features will also include the big parade with bands from Trenton RCAF, Hastings and Prince Edward Regiment and the Havelock Kilties. The horse drawing contest is also on Monday with $135.00 in prizes.

These are, of course, added to the regular features of Norwood Fair, such as Green Shows, horse races, livestock exhibits, women's work, amateur contests, novelty races, etc.

The event will be climaxed by a barn dance on Monday night in the Exhibition Building. Del Crary's orchestra will be in attendance and there will also be a talent time audition from 8.30 to 9.30.

MISTAKEN IDENTITY

Twelve per cent of the total "intentional discharge" hunting accidents in Ontario last year (1962) were caused when the victim was mistaken for game, states a reminder from the Winchester-Western Hunter Safety Clinic.

The Food Basket

Consumer Section — Marketing Service
CANADA DEPARTMENT OF AGRICULTURE

IT'S CANADIAN LAMB TIME

"According to marketing reports it would be more realistic if we referred to Canadian 'fall' lamb rather than 'spring' lambs," so says the Consumer Section, Canada Department of Agriculture, Ottawa. Lamb is most plentiful and at its lowest price in the fall months from September to November. At this time of year, lamb is more mature and the meat has its best flavour.

Lamb need not be considered only for Sunday dinners. There are lots of good, tasty cuts which are good buys right now. Take a look at lamb-in-the basket for example — a fairly recent way of selling lamb fronts. Some stores will sell the whole front in a package as roast, chops and stewing meat — others will sell part as chops and stewing meat. You can get two or three dinners from this — a roast one day, chops or stew the next.

Braised lamb shanks are quite inexpensive and are quite meaty. The home economists of the Consumer Section recommend this tasty recipe.

Braised Lamb Shanks

- 3 pounds lamb shanks (cut in 1-inch slices)
- 1½ cups sliced onion
- 1½ cups sliced carrots
- ½ cup water
- 1½ cups tomato juice
- ½ cup liquid from meat
- 1 tablespoon Worcestershire sauce
- 1 teaspoon salt
- ¼ teaspoon chili powder

Trim as much fat as possible from meat and brown well over medium heat, about 10 minutes. Place in a shallow baking dish, add onions, carrots and water. Cover tightly and bake at 325 degs. F. for 1 hour. Drain liquid from meat and skim off all fat. (If meat is chilled, fat can be more easily removed.) Combine remaining ingredients, add to meat and vegetables and continue to cook covered for 30 minutes. Remove cover and continue cooking until meat is tender, 30 to 45 minutes, basting once or twice during cooking. Six servings.

Shoulder Chops or Steaks are larger and meatier than rib or loin chops but are not quite so tender. They may be baked, broiled or panfried. Thin ones tend to be a little dry when panfried or baked so that covering the pan after browning helps to make them more juicy and more tender. Shoulder chops baked in a 325 deg. F. oven or panfried take about 8 to 10 minutes for those ¾-inch thick; and 16 to 18 minutes for those 1 inch thick.

Many seasonings go well with chops. Sprinkle one of the following over the meat after browning on both sides — thyme, dried mint, marjoram or ginger. The seasoning also flavours the gravy.

Try also glazing the chops after cooking with apple or currant jelly mixed with a little prepared mustard.

OF MANY THINGS

(By Ambrose Hills)

A LITTLE PROCRASTINATION, PLEASE!

The radio voice is always urging us to do it NOW! Politicians get elected by promising that they will get things done, start the economy moving again, make decisions, spin the wheels of commerce. It all has a lovely, positive swing to it. Yet I find myself praying, wistfully, for a little procrastination in high places. Please, don't try spinning wheels or moving the economy or bursting out with decisions! Hold still a month or two, can't you, and let us citizens make a few moves of our own?

Here in Canada, Mr. Gordon was going to re-make our world with his bold new budget. He was pretty proud of bringing it in so fast . . . no procrastinator, he! He got things moving, all right, but the movement was downward.

Then the young American President, bursting with do-goodism, proposed action. Cleverly, he'd slap a tax on trade in foreign securities. We're still reeling from that scare, up here in Canada, but we'll survive it.

What bothers us most is this: who's going to do good next? We've a lot of eager-beaver provincial governments, as well as the Ottawa crowd, and Washington, all dreaming up schemes to rescue the economy. These rescues can be frightening affairs!

I used to plump for Senate reform. It once burned me that those old senators sat around in Ottawa drawing nice salaries for doing nothing. I don't complain any more. Next election I am gaing to support some old duffer who wants to go down to Ottawa and just get his feet up and rest a bit. He'll have to promise that he will make no effort to do things. Just sit and suck his thumb, that's all I'll ask.

You know, maybe I ought to be a candidate. It's a thought. And the pay these days is tremendous!

HORSEPLAY DANGEROUS

Horseplay with guns accounted for five per cent of the "unintentional discharge" accidents in Ontario last year, states the Winchester-Western Hunter Safety Clinic.

the Outdoorsman with Barry Pokale

THE WRONG KIND OF PUBLICITY

"Young Hunters Seem To Blame," "Shotgun Damage Blamed on Hunters," these are just two of many headlines to appear recently in the daily and weekly press. They are not the kind of headlines that hunting and true hunters deserve. A hunter should be sincere, serious and safety-minded. Not stupid. Hunting can be a lot of fun whether the hunt is for small game such as the Hare, or for Deer and Bear. Personally I have not yet graduated to big-game hunting. For the most part I hunt partridge, ducks and in wintertime rabbits. The exercise and the association with the seasons is worth every trip. There are better marksmen and hunters, lots of them. But I handle firearms with respect and perhaps someday my shooting and hunting will be top-notch. Today I'm thankful just to be a safe hunter, not a violater of every rule in the book.

The growing number of damage and accidents in hunting would appear to be summer affairs involving youths between 15 and 16 years of age. It may seem great fun to take pot shots at everything in sight, but it can lead to the end of hunting and the hunter. Vandalism has no part in hunting, yet so much of it persists. Recently we learned of a case where shotgun blasts shattered windows in a house and the headlights of a nearby tractor. Provincial Police officers investigating the case believe that duck hunters may have been to blame. I hope not for I have always thought of duck hunters as a generally good class of hunters. Whoever the culprits are they have added another black mark on the growing list of complaints against hunters and hunting.

I would ask each and every hunter to shoulder responsibility as well as a weapon when venturing forth to the marshlands and bush. Take with you a sense of duty and use more than the prescribed ounce of prevention. Show the non-hunters as well as your companions that hunting is important to you as a clean sport. Let's all treat our hunting as a privilege, not a prank!

TED COURNEYA PRESIDENT LAND O' LAKES ASSOCIATION

At the annual meeting of the Land O' Lakes Tourist Association, held in Tweed recently, Ted Courneya of the Tweedsmuir Hotel was elected president succeeding Russell Brown of Twin Pines Resort, Cloyne.

The Association is losing a good man in Brown, who has headed the group for the past five years. However, in popular Ted Courneya they have elected a most able replacement. The Tweed hotelman has been a perennial backer of the association and a booster of the Tweed and Land O' Lakes District. We wish Ted and the other newly elected persons an excellent term in office.

AN INTERESTING SIGHT IS LAKE ON THE MOUNTAIN

Two hundred feet above the Bay of Quinte, near Picton, sits the mysterious Lake on the Mountain. The lake which is spring fed purifies itself every twenty-four hours. By government order no outboards are allowed on the lake which yields small and large mouth bass and pike. The lake is one mile across and by following the shoreline is six miles around. The depth varies from 50 to 90 feet.

Lake on the Mountain is the water supply to the nearby Lands and Forests Fishery Research Buildings. The lake is worth visiting and an interesting way to approach it is by ferry. Transportation is available at the Adolphustown dock. It's free and it's fun.

FALL FISHING FLASHES

Pike fishing in the Bay of Quinte and in Lake Ontario can be very good at this time of the year. A reliable source tells me of some excellent fishing recently at Point Traverse, Smith's Bay and Waupoos. This same locality also produces large walleye, and if you like them, Eel.

If you feel you must get in just one more bass trip I can't recommend a much better lake than Limerick, near Steenburg, Ontario. Three pound bass can be considered average here, with some beauties crowding the seven pound range. The area also offers interesting partridge hunting, and as I discovered recently there are also a fair number of ducks around. Del Hiatt at Limerick Lodge is the man to see if you wish to get fixed up for accommodation, boats and guiding service.

IT'S GETTING CLOSE

The Annual Convention of the Outdoor Writers of Canada takes place October 18-20th at Oak Orchard in the Kawarthas. A most interesting programme has been planned that will include craft sessions for the writers, authors and broadcasters in attendance. The Craft Sessions will be a first for the Outdoor Writers of Canada. Top men in the fields of magazine writing, book writing, freelance writing etc. will be in charge of the various sessions.

Prominent outdoor sportsman Jack Shaver, of Regina, will be the guest speaker at the annual banquet hosted again this year by the Outboard Marine Corporation. A special feature Saturday evening, October 19th will be an ONTARIO HOOTENANY featuring Mr. Better Boater, ERNIE (bring your own guitar) TAYLOR.

The Good Driver

During any year, newspapers publish many reports of traffic tragedies that developed as a consequence of acts of stupidity. One of the most vivid such incidents in the files of the Ontario Safety League occurred near Kingston, in mid-September 1960.

Seven people under 20 years of age were injured — one critically — as the result of a two-car accident. Reports say that the cars went out of control when the **two drivers attempted to switch cars while speeding downhill**, side-by-side!

If this manoeuvre had been successful, it would have evidenced a considerable degree of skill. But even in success it would have been a ghastly piece of folly. It ended in failure, and seven injured bodies.

Most people like to consider themselves, and to be considered by others, as good drivers. Unfortunately, too many men — and not only the young ones — think that skillful driving is the same thing as good driving. This deplorable case is an extreme, but not rare, illustration of the fact that society has the right to demand of licence holders far more than merely the physical skill necessary to operate an automobile.

Driving skill, when it is over-extended or abused on the highway, becomes more of a hazard than a safeguard in the opinion of the Ontario Safety League. The graves, and licence suspensions of famous racing drivers have shown repeatedly that superior skill is not, in itself, a guarantee of safety in traffic.

Skill is only one of the elements needed to make up a good driver. The other requirements are: good Knowledge, good Habits and — above all — good Attitudes.

A good driver is inconspicuous at all times, and any attempt to use superior car-handling ability to show off, or to seek thrills, is bad driving. Skill at the wheel sometimes avoids the consequences of reckless and stupid behaviour; but it can never excuse it.

Keep Safe From Fire

This is Fire Prevention Week, and it is a good time for all of us to pause in what we are doing and give a thought to care with fire.

Too many fires need never have happened, and a little care on the part of all of us can reduce our tragic fire toll in lives and property destroyed.

On the average, about 170 fires start in homes in Canada every day. Last year 620 persons lost their lives in fires and hundreds more received bad burns.

The tragic thing about all these fires is that three-fourths of them were the result of carelessness, according to the Canadian Underwriters' Association.

Here are a few suggestions that may keep your home fire safe:

1. Never leave small children only a few moments, get a responsible person to stay with them. When going out for an extended period of time, employ a baby sitter.

2. Small children and elderly people are the more frequent fire victims. If there are elderly persons in your household, plans should be made to get them out of the house quickly in case of fire.

3. Use care with cigarettes. Never discard a cigarette or drop a match without being sure it has been extinguished. It's a good plan to break a match after using just to be sure it is out. Keep matches out of reach of children. And never smoke in bed.

4. Keep a flashlight handy for use in dark places. Never strike matches or carry lighted matches or candles into closets or attics.

5. Keep your electrical appliances in safe condition. Take them to a qualified repairman if they have loose connections or frayed or worn cords.

6. Throw out old newspapers, magazines and other waste combustibles regularly, rather than let them accumulate in the basement or attic. These are the things on which fires feed.

7. Impress upon everyone in your household that in case of fire, first get everyone out of the house, and then call the fire department. Call the department from your neighbour's house, if need be, but never re-enter a burning house.

These suggestions could save your life, or the lives of members of your family.

You are the one who can help keep your home safe from fire.

CONSERVATION NEWS

MORE ON TURKEY VULTURES

In some of our previous news releases mention was made of the appearance of turkey vultures in certain areas of the Tweed Forest District, and it was pointed out at that time that the turkey vulture was a harmless bird that fed mostly on carrion (dead carcasses of animals) and is on the protected list.

Recently about twenty of these large birds were sighted in the vicinity of Stirling. Some local residents have expressed their anxiety because of the presence of these turkey vultures in their midst, and have asked permission of the Department of Lands and Forests conservation officers to kill them.

The turkey vulture is not capable of harming humans nor is it able to kill or destroy other animals — even those the size of a rabbit.

The reason this bird is incapable of killing lies in the fact that its feet have claws resembling a chicken (blunt) unlike the sharp talon of the hawks and eagles.

Because the turkey vulture is incapable of destroying animals for food it is often seen soaring at great heights scanning the ground with its telescopic eyes for signs of dead or dying animals, such as rabbits, porcupines, etc.

The turkey vulture is on the protected list of Canadian birds, and may not nor need not be killed.

Bancroft Boy Is Killed

Robert William Stringer, 15, was killed Sunday by a pick-up truck after he helped load it with firewood three miles south of Bancroft.

The youth was with his father, William, and William Switzer and his three sons. The Stringer boy ran alongside the truck and attempted to jump on. He fell and the rear wheels rolled over him.

Corn Day 1963 Tuesday, Oct. 22nd

The acreage of corn in Central Ontario has shown a definite increase this year. There is every evidence that the Grain Corn crop will continue to increase in the area. Corn is a crop that supplies more food energy per acre than any other. It has a broad use as a livestock feed and as a cash crop, it finds a ready market. Another important feature of corn is that it can be completely mechanized.

Grain Corn Day at Browview Farm, Newcastle, on Tuesday, October 22nd, will provide an opportunity to look at the new ideas in corn production. New techniques create new opportunities, as well as new products. Methods of planting, harvesting, storing and feeding, will be explained and in many cases demonstrated. Specialists will be present to discuss feeding, marketing, storing and growing of grain corn. A full line of machinery will be displayed.

Field plots have been planted to compare many varieties recommended for this area. Other plots will show the difference due to rate of planting, fertilizer treatment and weed control.

The programme will start at 10.00 a.m. with a tour of the plots. Lunch will be available on the grounds, with the afternoon programme starting at 1.00 p.m..

Corn Day 1963 is sponsored by the Central Ontario Soil and Crop Improvement Associations in co-operation with the Ontario Department of Agriculture.

Forestell and Campbell Share Yorkshire Champs

The Quinte District Yorkshire Breeders' Club held their Show in conjunction with Madoc Fair on October 2nd. The judge, Mr. Carl Clayton, Hay Bay Farms, Sillsville, worked hard placing the thirty-six animals which were shown in the forty-five entries.

Winning top honours on their Yorkshires were K. L. Campbell, of Romney Farms, Bath; and Wilfred Forestell, of Madoc. The Junior Champion board was Romney Tangolad 37U, owned by K. L. Campbell; the reserve was Orchard Valley Duke, owned by Wilfred Forestell; the Senior Champion boar was Meadowbrook Monarch 48T, owned by K. L. Campbell; while the Reserve was shown by Wilfred Forestell with Stoneridge Monarch. The Grand and Reserve Grand were taken by the exhibits of Mr. Campbell on his senior and junior Champion boars.

The Junior Champion sow was also exhibited by K. L. Campbell, while the reserve was shown by Paul Heath, Bonarlaw. The Senior and Reserve Senior were also the Grand and Reserve Grand and shown by K. L. Campbell, of Bath.

This year there were seven exhibitors, and the quality was exceptionally good.

Mamma was worried because her aging daughter was still unmarried; so she suggested the daughter place an advertisement in the newspapers saying, "Beautiful, exotic heiress seeks correspondence with devil-may-care gentleman who wants to go places fast." Two days later, mother asked daughter: "Any answers yet?" "Yes," wept daughter, "One — from Papa."

Bush Fire Averted By Local Boys' Action

What might have proved a serious bush fire was averted on Monday when three local lads, Allan Duffin, Bob West and Evan Rodgers discovered a fire in the bush on Doug Detlor's farm. The boys, who were on a hike told Harold Chambers, a neighbour, of their discovery. Securing an old pail from a nearby dump they carried water from a nearby creek and with Mr. Chambers' help, extinguished the blaze. Apparently the blaze originated from a camp fire which had smouldered for some time before breaking out.

Local High School Defeats Madoc In Rugby Game

(Contributed)

Look out Grey Cup! Here we come. This is the way the Stirling team felt as they licked Madoc by a comfortable score of 19-0.

Doug Potts, a long-legged boy who can run like a deer, came up with the first big touchdown. Doug Bird, who has been ploughing up the middle all year, finally made it pay off by getting touchdown number two. Andy Faulkner proved he could do more than kick when he bulldozed his way to the third touchdown.

John Noble played another great game as quarterback. The rest of the team, bar none, played at their best and were blocking and tackling like mad. Allan Wrightman made a beautiful fifty yard run, dodging a great number of the Madoc players.

The team is still playing as one unit and maybe that is why they are in first place. So far it looks like Marmora may be the only team to stop us but with a capable coach like Mr. Smith, I feel that we will come out on top.

Play Tweed Here Friday Afternoon

Let us hope so as we try to extend our unbeaten streak against Tweed this Friday on our own field beginning at 4.00 p.m. The game will be preceded by another stimulating Pep Rally.

Added Note

Some of the boys are forgetting to vote for the Most Valuable Player. After each game the players vote for their three choices. The first choice gets 5 points, the second choice 3 and third one point. The boys with the most points at the end of the season is the M.V.P.

Hint To Businessmen

As of yet we do not have a donor for the trophy which should stand us the ultimate in football acclaim in our school. Anyone interested in donating a football trophy should contact Mr. Harris at the school.

JUNIORS LOSE

The Stirling Juniors lost to O.S.D. by a score of 20 to 6 on Wednesday, October 9th. This time they watched the end runs but forgot to watch the passes. O.S.D. scored all their touchdowns on passes. Stirling played a

To assist in this, the two representatives from Unit Four are Mrs. Volney Richardson and Mrs. P. J. Hommersen.

Announcements

The Regional Meeting for U.C.W. of Belleville Presbyterial will be held at St. Andrew's Church, Marmora, on October 16th commencing at 9.00 a.m. Miss Anne Ward will be the guest speaker.

The official opening of the Home for Retarded Children at Plainfield will be October 29th at 1.00 p.m.

Fellowship Day at St. Paul's is also October 29th at 2.30 p.m. To this meeting have gone out invitations to Christian Churches in the Village.

Mrs. Camm read a letter from the Christian Stewardship Secretary, Mrs. Bray, of Ivanhoe.

Programme

Mrs. P. J. Hommersen took charge of the afternoon programme, beginning with the devotional period. After the singing of hymn 577, Mrs. C. Davidson read the Bible lesson from Psalm 103. Most helpful comments on this were made by Mrs. Hommersen. Mrs. Harold West's "Hymn of Thanksgiving" along with the singing of 579 from the Hymnary, fittingly closed this part of the programme.

Mrs. C. Lansing then gave the study talk on "You and the Rim of Asia," based on a sermon by Ernest Long, General Secretary of the United Church, who visited various areas of need in the Far East where the World Council of Churches has given tremendous assistance, areas of earthquake, flood, drought, depressed areas, or emergency areas of the refugees. Wherever need is found there is the mandate of the Christian to be concerned and become the minister and servant of all. The great words in the early church were: Fellowship and Service.

St. Matthew 25: 40: "And the King shall answer and say unto them, 'Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me'."

After the closing hymn and prayer by Mrs. Hommersen the ladies enjoyed a cup of tea.

For this and to all the women who had planned and presented such a splendid programme, Mrs. E. Warren expressed appreciation of all the members.

Hostess To Eggleton UCW

Mrs. H. Ashley was hostess for the October meeting of Eggleton United Church Women with an attendance of 13 adults and 1 child. Owing to the absence of the President, Mrs. W. Harlow, the meeting was presided over by Mrs. Bruce Stapley.

Mrs. Clarence Fitchett had prepared the programme on the theme "Praise and Thanksgiving" and read the poem "Praise for the Common Days."

Mrs. Clayton Prest read the selected Scripture reading and the meditation on the lesson was given by Mrs. C. Fitchett, after which Mr. Dyson offered prayer.

The special Thanksgiving envelopes and the regular offering was gathered and dedicated with prayer by Mrs. B. Stapley.

The November meeting will be held at the home of Mrs. Clayton Prest with Mrs. Maurice Clancy preparing the programme.

The Treasurer, Mrs. William McMullen, reported several bills and a motion was made that they be paid. Mrs. Bruce Stapley reported on cards sent out and visits made.

Correspondence was dealt with by the Secretary reading letters received from Mrs. Keith Bray, Presbyterial Secretary, on stewardship and recruiting; Mrs. Clarence Holmes, Chairman of the Presbyterial Committee of Nominations; Mrs. Maurice Clancy, Presbyterian Secretary for Periodicals.

Two invitations to bazaars and teams were read at Holloway Street United Church and Marsh Hill. Members were reminded of the Fall Rally for Hastings East at Foxboro on the 17th of October.

Roll call was answered by each telling something they were thankful for in 1963. Members were asked to bring gifts for children at Curve Lake to the November meeting.

Mrs. Maurice Clancy read a poem, "Thanksgiving" and also contributed a solo with guitar accompaniment. A reading, "The Happy Face Girl" was given by Mrs. Frank Smith. Two poems, "What the World Needs," by Mrs. Cleveland, and "If" were read by Mrs. Charels Stapley. The meeting closed with prayer by Mr. Dyson.

All took part in a Bible missing word contest sent by Mrs. Harlow. Mrs. Ashley served delicious refreshments and a social half was was enjoyed.

NEW LOOK IN TURKEY

There are great changes going on these days in the poultry business and one of the most revolutionary is in the merchandising of turkeys. Yes — turkeys are becoming another of the "cut-ups" in the poultry business. For the small family desiring turkey for one meal or for the busy housewife wanting a simple-to-prepare turkey dinner, cut up turkey is the answer.

We've already seen quarter turkeys on many markets. The front part is mostly breast and white meat and the hind quarter with drumstick and thigh, mostly dark meat. This month pieces such as breasts, thighs, drumsticks and wings will be coming on the market in many centers.

The home economists of the Consumer Section, Canada Department of Agriculture have recently cooked a great many of these "cut ups" in their test kitchens in Ottawa. The larger pieces can be roasted either with or without stuffing. One of the most interesting cuts cooked was a half breast of turkey from a 20 pound bird. It weighed about 3 pounds and would give 6 to 8 servings.

This half turkey breast was placed on stuffing on a piece of foil. The skin was skewered to keep it from shrinking — then it was brushed with butter and covered loosely with aluminum foil (dull side out). Roasting of this cut took about 2½ hours in a 325 deg. F. oven.

If you find cut-up turkey on the market in your area this month, why not try cooking the pieces and see how you like them!

Leaflets on "Cooking Cut-Up Turkey" as well as "Cooking Whole, Halves or Quarter Turkeys" are available from: Information Division, Canada Department of Agriculture, Ottawa.

BELL

OF MANY THINGS

(By Ambrose Hills)

BUSINESS IS GOOD

The advertising manager of a huge grocery chain always winds up his letters with a cheerful "Business is Good!" instead of the formal "Yours truly." Canadians can do much the same as far as 1963 is concerned. According to "Industry," it would be one of our best years, even if there should be a decline in the final quarter, which is highly unlikely.

The grocery chain counts on and gets pretty good business every year, even though their profits on the dollar of sales is quite low. They go for volume. They know that if they can keep their prices a bit lower than competitors, they will do all right.

And that, too, is the secret for Canada. If we can increase our productivity, and thus keep our prices competitive with other countries, business will be good.

This, of course, means that we can't have everything we want the minute we want it. We have to work hard in a world of very tough marketing conditions. Each employee has to give of his best, and each boss has to provide the most modern tools he can get his hands on.

The governments — at all levels — can help by cutting their spending down, or at least holding the line. Taxes form part of prices. If taxes are held down to reasonable levels, manufacturers and retailers can keep prices more in line.

Business is good in 1963. Let's see if it can't be better in 1964. Let's all dig in and give full value for every dollar we receive!

McCann -- Johnson Nuptials at St. Paul's

A pretty autumn wedding was solemnized in St. Paul's United Church, Stirling, on Saturday, October 5th at 2 p.m., when Mary Elizabeth daughter of Mr. and Mrs. Harold J. Johnson, Stirling, became the bride of Arthur Milton McCann, son of Charles McCann and the late Mrs. McCann, of Eldorado. The Church altar was adorned with pink gladioli and white daisy 'mums and the guest pews marked with white bows with pink rosettes. Rev. P. J. Hommersen, minister, officiated.

Mrs. Harry Brown, organist, played the traditional wedding music and Mr. and Mrs. Grant Richardson sang the "Wedding Prayer" and "I'll Walk Beside You."

Given in marriage by her father the bride was radiant in a white floor-length gown fashioned with chantilly lace bodice, long lily-point sleeves and hooped skirt of chantilly lace and net over satin. She wore a finger-tip veil and carried a bouquet of pink carnations and white daisy 'mums.

The bride's attendants were her sister, Mrs. Gerald Morrison, as matron of honour, and her niece, Miss Barbara Williams, as bridesmaid. Both were attired in street-length dresses of turquoise organiza, with white accessories and matching headdresses. They carried bouquets of white daisy 'mums.

The groomsman was Frank Curtis, of Belleville, and the ushers were Messrs. Wesley Johnson, brother of the bride, of Burk's Falls, and Ronald Peate, nephew of the groom, of Eldorado.

At the reception held in the Church parlours, the bride's mother received her guests in a turquoise wool dress and jacket, with matching hat, black accessories and corsage of pink roses. She was assisted by the groom's eldest sister, Mrs. Percy Neal, Oshawa, attired in an air force blue crepe dress with beige accessories and corsage of white carnations, and the bride's maternal grandmother, Mrs. Fred Remington, of Warkworth, wearing a navy dress and corsage of pink carnations.

For a wedding trip to Niagara Falls and the Muskoka district, the bride chose a beige knitted two-piece dress, beige sealskin coat, with brown and green accessories and corsage of pink carnations. On their return the young couple will reside at RR 1, Eldorado.

Out-of-town guests were present from Burk's Falls, Bala, Oshawa, Eldorado, Madoc, Belleville, Newburgh, Trenton, Warkworth, Bancroft and Chatham, N.B.

The Good Driver

The Ontario Safety League says that most drivers steal! However, this is not a reflection on the ordinary honesty of Ontario drivers. It just means that most motorists who would scrupulously respect the property of others, cannot be trusted to have the same regard for the rights of others on the roads.

The widespread stealing ranges all the way from petty pilfering to robbery with murder. All of it carried out by ordinary citizens — the great majority of whom are honest, decent, likeable.

These are some of the examples of minor pilfering:

Stopping over the crosswalk at intersections, depriving pedestrians of their right of way, and forcing them to walk out into the traffic lane. Driving with rear window obscured by dirt or snow, which cuts down visibility for following drivers. Driving below the speed limit in the passing lane on highways, thus robbing following drivers of some of their good humour.

Criminal larceny includes every type of dangerous driving which threatens other road users with loss of property, health and even of life. Statistics and news reports show how often this threat is carried out.

But the most widespread offence on the roads is space stealing. Every driver on the road has the moral and legal right to protect himself in moving traffic by keeping a safe distance from other traffic. But this is a right that cannot be maintained or enforced.

A driver who keeps a correct distance from the car ahead is liable to have his protective space stolen by someone cutting in. This can be a little irritating but is not serious, because he can immediately drop back to the correct following distance again. But there is little he can do to lessen the affront, and unnecessary danger, imposed by the tailgating driver who comes up from behind and remains only a few feet from his rear bumper.

Rear end collisions resulting from "bunching" are so commonplace that many people seem to regard them as inevitable. But they are nearly always unnecessary, and the result of stupidity or indifference. Tailgating is senseless, and slows, rather than speeds up the flow of traffic. The Ontario Safety League asks you not to steal the protective space that belongs to the other driver.

What's Wrong?

WALTZ TIME: If the current rate of work on one section of the Queensway is maintained, it'll be well past the centennial year before it's completed, figure CFRA work-watchers. Switchboard operator - receptionist Barb Cloutier and stenographer Ina Bond clocked six workers during their coffee break (the girls' coffee break) one day this week. During a half hour one fellow moved nine shovelfuls of sand from a small pile to another spot three steps away. What with rolling, licking, lighting and smoking cigarettes, the six workmen on the job averaged about three minutes per shovelful. And for most of the time they spent moving two small truckloads of sand, a front-end loader set idle only a few yards away. —Ottawa Journal.

Kids Are Smarter

Six years ago when the traditional Hallowe'en frolic widened to include UNICEF collections some protests were voiced. "Don't rob the youngsters of Hallowe'en fun. It's their night!"

Fun-loving youngsters were un-moved by this adult reaction. Hallowe'en IS STILL THEIR NIGHT — but they have made it also a night for children 'round the world. Over the years Canadian youngsters have learned and enjoyed the privilege of sharing with their friends. Through education in schools and libraries they know that their help with UNICEF Hallowe'en pennies is needed. Hence their pride in collecting for UNICEF equals the joyous acceptance of jelly beans and candy kisses.

Last Hallowe'en Canadian weather was as variable as today's political climate. Rain fell in the Atlantic Provinces, in Quebec and British Columbia. It was a clear lovely night on the Prairies and in Ontario. Regardless of weather, approximately 400,000 fantastically costumed youngsters sallied forth with paper bags for treats and UNICEF collection boxes. Neighbours were generous; in the bags youngsters brought home candy, cookies and apples. In the UNICEF collection boxes was almost $400,000 in pennies, nickels and dimes — this for the world-wide humanitarian work of UNICEF.

UNICEF is a crusade by children for children. Let's not dampen the ardour of youthful unselfish giving. Today's world needs it.

WHAT ABOUT THE LAMPREY?

Recently a dedicated sportsman concerned about the future of the Trent System asked the writer about the possibility of an invasion of Lamprey in future. The person asking the question had learned from some source (not confirmed) that the Department of Transport was about to commence the replacement of the marine railways at Severn Falls and Swift Falls with locks.

The Outdoorsman intends to contact the Department of Transport office on this matter at once and will pass along my findings in a future column. Needless to say I am alarmed at the thought of the sea lamprey gaining access to inland waters on the Trent-Severn Waterway. Though most of the damage would likely occur at the Severn end of the system, the proposed locks would give all types of marine life entry into some of Ontario's most highly touted fishing areas. In order to prevent such a calamity the Ontario Federation of Anglers and Hunters back in July presented a brief to the Federal Minister of Transport in Ottawa. The brief suggested that the proposed locks at Severn Falls and Swift Falls not be built, but that the existing railways be improved or replaced and operated for longer periods daily. The Federation predicted that the construction of the locks would bring about the destruction of game fish and would ruin "the recreation of thousands to satisfy a minority group of owners of large boats." The OFAH further predicted the cost of installing efficient railways to be about one eighth that of lock building.

The Department of Transport over the years has always placed the interest of fishermen third, behind Hydro and navigation. Though at times this has been hard to take, sportsmen nevertheless have somewhat resigned themselves to their tail-end position. But I am convinced that sportsmen from every walk of life will rise up in mass protest should the locks at Severn Falls and Swift Falls ever get beyond the drawing board. If necessary my voice will be heard among them.

HUNTERS ASKED TO COLLLECT WOODCOCK WINGS

Hunters who enjoy the challenging target of the quick, erratic flight of a woodcock are asked to assist biologists of the Canadian Wildlife Service of the Department of Northern Affairs by collecting one wing from each bird they shoot. The biologists need information which can be obtained only by examining and measuring a large sample of woodcock wings.

The wings are used by the biologists to determine the age and sex of the birds. Age is determined by examining differences in the pattern and colour of the feathers of the wings. Sex is determined by observing a difference in the size of the large outer primary feathers.

Age and sex ratios provide an indication of the number of young birds being shot, and thus of the success of the preceding breeding season. Over the years, the number of wings sent in by each hunter will give an idea of the total number of birds taken each year. The more information hunters can give the biologists, the better our management of woodcock can be.

The woodcock is a challenging bird for the hunter. It is usually found in moist thickets where the ground is soft and a supply of worms is available. The woodcock's colour protects it well from the hunter's eye; it is very difficult to spot when not in flight. Most good woodcock hunters depend on a good dog to assist them with their sport.

The Canadian Wildlife Service has prepared printed envelopes in which the wings can be placed for mailing. The envelopes are available in Ontario from conservation officers of the Department of Lands and Forests. They may also be obtained directly from the Chief, Canadian Wildlife Service, Ottawa.

ANNUAL PINE RIDGE DINNER SET FOR OCTOBER 30th

Two of the finest civil servants it has ever been my pleasure to know personally, will be the principal speakers at the Annual Dinner meeting of the Great Pine Ridge Tourist Council. They are Dennis Stone, of Huntsville, Regional Supervisor of the Ontario Department of Travel and Publicity, and Phil Rhynas, Chief of the Operations Branch, Lands and Forests, Toronto.

Dennis, a native of Kenora, will speak during the afternoon portion of the October 30th meeting. His message will deal with the "upgrading of tourist accommodation and facilities."

Following the social hour and dinner in the Baltimore Hotel, Cobourg, Phil Rhynas will give an address entitled, "Your Job and Mine." The Lands and Forests official is an accomplished after dinner speaker and is known for his keen sense of humour.

Persons interested in either tourism or the out-of-doors will not want to miss the Great Pine Ridge Dinner meeting.

THE BIBLE TODAY

While the fashionable phrase "population explosion" is on everyone's lips today, too little thought has been given to the impending "literacy explosion" and its implications for the Christian world, the Most Reverend and Right Honourable F. D. Coggan, Archbishop of York and President of the United Bible Societies, declared in the course of a luncheon address recently to members and guests of the Canadian Bible Society in Toronto.

"UNESCO's plan is to reach 350 millions of the world's 500 millions of illiterates to read and write within five years. We are concerned with what these newly enlightened people will read," His Grace reported. "Communist countries are spending one-and-a-half billion dollars a year on literature to spread their "religion" among the people of the world; the temptations of grossly materialist literature will be available — not to mention the wares of the dealers in pornography.

"Christians must see to it that the Holy Scriptures are put in the hands of those who are becoming acquainted with the written word, and to this end the objective of the Bible Societies throughout the world is now to treble the printing and distributing of Bibles in every possible language, in every land. The challenge of the literacy explosion is to distribute 150 millions of copies of Scripture annually throughout the world where the number now is some 50 millions each year."

Case for Driver Instruction Course Presented Before High School Board

Continued Use of School Gymnasium by Scouts was Granted — To Give Course

Members of Stirling-Rawdon District High School Board were given a complete outline of the driver instruction course for Ontario's Secondary Schools at their regular monthly meeting on Monday night. Harry Morrow presided and was supported by R. Mallory, D. Rodgers, Jas Johnston and R. B. Murray.

Wm. M. Glenister, Assistant Director Highway Safety, Department of Transport, showed a film on the course and later discussed it with the Board members. In emphasizing the need for such a course he pointed out that while 16 to 24 year-olds represent about 19 per cent of licensed drivers they are involved in 27 per cent of all accidents. The course of instruction is approved by the Ontario Departments of Education and Transport and is strictly extra-curricular.

Grants Paid

The Department pays grants for the classroom part of the course and the Department of Transport provides textbooks, other instructional material, dual clutch and brake control mechanisms for each training vehicle, etc. The training car will be provided free of charge by car manufacturers through local dealers. The main cost to the Board is the teacher's salary in the classroom and in car instruction. A teacher preparation course is held each year during the summer vacation. Other expenses such as gas, oil and insurance are often met by service clubs and business firms in the community, stated Mr. Glenister. The Board decided to introduce the course as soon as arrangements can be completed.

C. E. West and Ron Woodbeck waited upon the Board, seeking a continuance of the arrangements for use of the gymn for Scout meetings, under the supervision of Ron Woodbeck, Scoutmaster. On motion of D. Rodgers and R. B. Murray the request was granted providing the Scoutmaster assumed responsibility for opening and closing the school on meeting nights.

Joe Irish, caretaker, listed a number of repairs required and his report was adopted on motion of J. Johnston and R. Mallory.

J. W. Bakker discussed the location of the ball diamond and the condition of the track, which needed another rolling. He listed a number of surplus articles in the Agriculture Science department and was given permission to dispose of them.

Principal J. L. Good presented a brief report on which he announced parents' night for Grade IX on November 1st and Commencement on November 8th. He also made requisition for a fyling cabinet for the use of Mrs. McKeown and stated a tape recorder had been procured from Hitchon, of Belleville. His report was received on motion of J. Johnston and R. B. Murray.

Correspondence was read from Johnston Controls, Associated Secondary School Boards, re membership; Quinte Secondary School re regional trustees meeting; E. C. Hay-Ellis, and C. Bateman, County Clerk, re Board of Arbitration.

Plans for a proposed new shop building were viewed by the Board members and will be discussed with Ontario Department of Education officials before any further action is taken.

The following accounts were passed for payment:

Energetic Bowling

October 11th — Things were jumping once more at the local alley when some good scores were rolled by various players. Suspense ran high over the game points but as it turned out the Chipmunks got skunked while the Hillbillies ran off with 4 points and those little Roly Poly's with the other 3.

High single and triple in Group "A" went to Marcella Svoboda, 309, 725. In Group "B" the high single and triple went to Ollie Thompson, 215 and 526.

Others rolling 200 and over games were — Marion Holt 223, Lenora West 221 and 254, Marcella Svoboda Svoboda 213 and 203, Verna Woodbeck 265 and 231.

October 18th — Lenora's Chipmunks ran up a good total to take the first game, then the Roly Poly's grabbed the second. The Hillbillies came up from behind to take the third game from the Chipmunks by one little pin. Thanks "Chippies," you got the extra point for high totals anyway.

Team standings — Lenora's Chipmunks, 9; Mabel's Roly Poly's, 9; Hilda's Hillbillies, 10.

High single and triple, Group "A", Lenora West, 256 and 632; Group "B" high single and triple, Gladys Richardson, 204 and 557.

Other good games were rolled by Verna Woodbeik 210 and 227, Marion Holt 232 and 231, Marcella Svoboda 246.

Regional Meeting West Hastings U.C. Women

St. Andrew's United Church, Marmora, was the setting on Wednesday, October 16th for the second Regional Meeting of West Hastings United Church Women.

Mrs. Kenneth Weaver, Stirling, the Regional Vice-President, opened the meeting and welcomed the women. Then followed a brief business period of minutes and roll call. There was a good attendance of regular members and 8 Presbyterial officers.

Copies of a summary report of the accomplishments of the Regional U.C.W.'s for 1963 were distributed.

Mrs. V. Glover courteously and graciously welcomed the people to Marmora and to their Church.

The Bible study is always a highlight of these sessions. This year again it was conducted by one of the women of the Regional. Mrs. J. F. Cooper, of Sidney, led in this inspiring study from St. Paul's letter to the Philippians, 1st chapter. Mrs. M. McLeod, Marmora, led in a hymn sing-song.

The theme of the meeting was "A Charge to Keep I Have." Miss Mabel Willows, of Flinton, was the theme speaker. She reminded the women of the Purpose of United Church Women. We can be more effective as witnesses than our minister in certain instances. Christian witnessing works. By ceasing to give we cease to have. Such is the law of love. We need a renaissance; not a quiet retreat, but an earthquake. Instead of being a way to God do we often block the road? This splendid address was a second headline.

The worship service was conducted by the Centenary organization.

At noon a good dinner was served by women of the hostess church in their Christian Education Building.

The morning session was in the form of a Rally and the afternoon session was in the form of a workshop.

Mrs. Smithrim, Presbyterial President, introduced Mrs. Erion, Batawa, who very capably aroused the interest of the women in a Health Unit for our County. Since one of the Standing Committees is Christian Citizenship and Social Action a motion was made that each United Church Woman show her concern and express the desire for a County Health Unit to be established by writing a letter to County Council. This motion was seconded and carried unanimously.

Another highlight was the address by Miss Anne Ward, Secretary of the Board of Women. She conducted the workshop in the program of United Church Women in the Rural Church. In reference to the rural congregation as well as urban Miss Ward contended that the work is not limited. U.C.W. could mean "Unlimited Christian Women." We are all women united to work together. We are not women of different groups which have united. Programming is "Whatever we do together."

Mrs. David Duffin, of Stirling, gave the report of the Nominating Committee. The officers for 1964-65 are as follows:

Vice-President — Mrs. Edison Sine, Frankford R.R. 2.

Assistant to the Vice-President — Mrs. G. Meiklejohn, Marmora

Secretary — Mrs. Donald Heath, Harold

Treasurer — Mrs. Ralph Wellman, Bonarlaw.

Press Reporter — Mrs. Thos. Clements, Harold

The courtesy report was given by Carmel U.C.W. The benediction was pronounced by Rev. H. Funge, Bancroft.

Wednesday Night Ladies' League

On October 16th the Hep Cats took 4 points, the Pussy Cats 3. The Alley Cats took all 7 points from the Kiddie Cats who are still in first place.

The high single and triple in group "A" went to Lenora West, 295 and 665. In group "B" Mary Doran rolled 188 for the high single and Grace Donohoe 473 for high triple. In group "C" Edna Long took the high single and triple spot with scores of 245 and 562.

Games over 200 were rolled by Edna Long 245, Lenora West 228 and 295, Maude Runnalls 225, Verna Woodbeck 221, 214 and 209, Rosa Spry 262, Juanita Osmond 243 and 206, Ivy Poste 203.

Following the first month of bowling Verna Woodbeck has the high average of 205.

The "Faceless" Children

In today's world millions of children are ill-fed, poorly clothed and unschooled. We have never seen them; they are the "faceless" children.

Canadians as world citizens are increasingly aware that knowledge and understanding, tolerance and compassion, are the golden keys to the future. UNICEF (United Nations Children's Fund) is one of these golden keys. Established under United Nations, it is an international effort to give every child freedom from disease and hunger, an education and opportunity to earn a living.

UNICEF, participated in by more than a hundred countries, is not a charity but a co-operative effort to improve the lot of the World's Children. Interested governments must first request UNICEF assistance. For each UNICEF dollar from the International UNICEF Fund these governments spend $2.50 for local buildings, personnel, domestic food and facilities. UNICEF assistance is given on the basis of need regardless of political beliefs, race or creed.

On one night in the year (Hallowe'en) gaily dressed youngsters will come knocking at your door. For them you will have ready the traditional treats. But Canadian youngsters will feel happier if you place in their UNICEF collection boxes pennies for their "faceless" friends.

ALL RIGGED OUT

On a cruise ship a young lady coquettishly asked, "Captain, why is a ship called a 'she'?"

"After many years in passenger service," he replied, "I have concluded that it is probably because the rigging costs more than the hull."

Students Beat "All Stars"

(By Paul Leonard)

That was "some" game! On last Wednesday, for the first time in the school's history the staff of the Stirling High School challenged a team of the members of both the girls' and boys' volleyball teams to a game.

The members of staff that took part were Mrs. Bailey, Mrs. Lyons, Mrs. McKeown, Mr. Bakker, Mr. Allcorn, Mr. Smith, Mr. Harris and the man with the bagpipes Mr. Morgan.

At the first of the game it looked like the students would make a clean sweep of it but the All Stars came back strong and if they had not run out of time I believe they would have won. As it was, however, the final score was 17-15 in favour of the students.

The male teachers looked real cute. Mr. Smith had on a hockey sweater with his P.T. pants, and a pair of mismatched socks. Mr. Harris had on a basketball sweater while Mr. Allcorn had on a T-shirt with his pants rolled up. Mr. Morgan looked real cool in shorts and a plaid tam. Most of the school showed up and thorougly enjoyed this "crazy" game.

Trousseau Tea For Bride-To-Be

A trousseau tea was held on Saturday, October 5th at the home of Mr. and Mrs. Earl Stickle of the 3rd of Sidney, in honour of their younger daughter, Thelma.

Mrs. Earl Stickle, Mrs. Burris and Thelma welcomed the guests at the door. The guests were taken upstairs where Beverley Clapp, Marion Payette, Evelyn Harry and Rosemary Bush showed the visitors around in the afternoon. In several rooms were many things that Thelma had acquired and presents that she had received through the years, and quilts which had been made for her. In another room were her going away clothes. In the evening Kathleen Stickle, Verna Hall, Minnie Slingerland and Joan Vandervoort took over these duties.

The lovely shower gifts and some wedding gifts were displayed on two long tables in the living room.

Dolly Curtis made the tea and coffee for this event and Mildred Ketcheson invited the guests to the tea room.

The tea table was decorated with pink and white streamers from a large white bell trimmed with birds and flowers under the chandelier. On the table were two candelabra.

Mabel Mallory, Olive Ames, Ilean Goodmurphy, Nora Burris poured tea in the afternoon. In the evening Helen Vandervoort, Blanche Bush, Lillian Hall and Florence MacMullen poured tea for the crowd.

Hazel Harry was in charge of the guest book in the afternoon and Helen Vandervoort in the evening.

Mrs. Earl Luery Hostess Stirling Women's Institute

On Wednesday afternoon the members of the Stirling Women's Institute were welcomed to the home of Mrs. Earl Luery, John St., for the October meeting.

Mrs. Frank Smith presided over the business meeting. The roll call, "My favourite vegetable and how it is served" was answered by ten.

Correspondence included a "thank you" from the Stirling Lady Fair Board Directors for a donation and and an announcement of a tea and bazaar at Hastings County Home.

The senior training school will be held October 29th and 30th at the new Agricultural Building, North St., Stirling.

The new slate of resolutions compiled by the Trent Valley Area of W.I.'s was presented and voted on so the delegate will know the feeling of her Institute as to how to vote at the Convention in Belleville.

Already clothing is coming in for the Scott Mission bale and we are asking everyone to give a small donation. In helping others, you know, we help ourselves.

More quilts are needed to sell to interested buyers. Women on that committee are really busy getting tops in order to quilt and get them distributed.

A memorial wreath will be purchased to be placed at the Cenotaph on Armistice Day.

Mrs. Dave Luery was appointed as delegate to attend the Area Convention October 31st and November 1st.

A plant sale was most successful and a nice amount was realized.

The topic, "Horticulture," was well given by Mrs. Blanche Reid. Current events were given by Mrs. Earl Luery. The singing of the Queen closed the meeting.

A social time was spent while a dainty lunch was enjoyed.

Surprise Party For Bride-To-Be

Mrs. Gerald Russett, of Wellman's, and Mrs. Wayne Clement, of Deseronto, sponsored a surprise miscellaneous shower at the home of Mr. and Mrs. Malcolm McMullen in honour of their daughter, Miss Shirley McMullen, on October 10th. Approximately 35 ladies were present from Deseronto, Batawa, Belleville, Stirling, Harold, Wellman's and Bonarlaw.

A special corner of the living room was decorated which included a wishing well, filled with miscellaneous gifts.

As Shirley arrived home from choir practice she was surprised with a bursting balloon full of coafetti and Mrs. Russett made the presentation of a corsage. The evening was spent in a variety of games ahd Mrs. W. Clement read an appropriate address.

Shirley voiced her thanks for the large array of gifts. Light refreshments were served which included a special decorated cake in Shirley's honour.

New Drivers Licence System Requires Correct Address

Is your correct address on your driver's licence?

Right now the Department of Transport is preparing to send to you — by mail — the application form for your next driver's licence. It is a new type of form, with your name printed on it.

"Under this new system, it is more important than ever that the Department have the right address for every driver," said Hon. Irwin Haskett, Ontario Minister of Transport. "Any driver who has changed his address and has forgotten to advise the Department should do so immediately, to ensure that he receives his application form for his next licence."

By law, a driver is required to notify the Department of a change of address within six days. Special forms for this purpose are available at all licence issuing offices.

The mailing of application forms will launch Ontario's new system of drivers' licences. This will begin the transition to drivers' licences that will be valid for three years, and will be renewable on each driver's birthdate.

CANADA DEPARTMENT OF AGRICULTURE

APPLES ARE PLENTIFUL

Here's good news for apple lovers. A record apple crop is being harvested with an estimated yield of over 19 million bushels. Whether we eat our apples as fresh, cooked, canned, frozen or as juice, we should have no difficulty in getting our "apple a day" this year.

Although there are many varieties of apples available on local markets in the early fall, most have limited keeping qualities. The two varieties of most commercial importance are the McIntosh and Delicious which can also be kept in controlled atmosphere storage until late spring or early summer.

The McIntosh represents about 40 per cent of apple production in Canada. Its deep, rich red colour, crispness and excellent flavour have made it a favourite from coast to coast. Although originally popular as a dessert apple, it is now being widely used as an all-purpose apple.

The Delicious is a brilliant red apple of a characteristic conical shape narrowing down to five distinct points at the base. The flesh is white, juicy and of excellent flavour. It is usually considered more as a favourite dessert apple than a cooking apple.

The Snow apple (Fameuse) is popular in Quebec. It is medium in size, bright red with snowy white flesh. It is a great favourite with children for Hallowe'en. In Nova Scotia the Gravenstein, a good cooking and a fair eating apple is plentiful early in the fall. It is red with yellow strips.

The Consumer Section, Canada Department of Agriculture tell us that it's good economy to buy apples in large quantities — by the bushel, box or basket — if you have a cool basement to keep them in. Ideally, apples are best kept at 30 degs. F. to 32 degs. F. with a high humidity of 90 per cent. However, if the temperature can be kept around 40 degs. F. apples will keep for some time without spoilage. To retain firmness and crispness, baskets of apples should be wrapped in perforated plastic. The apples will breathe well and will keep their moisture. Small quantities of apples can be stored in perforated plastic bags in the refrigerator.

When you buy apples, look for the grade mark. Most of the apples sold on the market are graded "Fancy" but we also find apples graded "Extra Fancy" and "Commercial" or "C". The word "Canada" included in the grade name means that the apples have been graded according to Federal Government standards.

Hallowe'en Apple Salad

Here's a "trick" and a "treat" for a Hallowe'en party from the Consumer Section, Canada Department of Agriculture. Pick out some large, red apples, one for each person. Make a face in the apple by cutting in the eyes, nose and mouth. Brush the cut surface with lemon juice to prevent darkening. Remove core. Cut a thin slice from the top of the apple and put it aside. Scoop out the apple, (a melon baller works well) dice the pulp and add mayonnaise immediately to coat the pieces. Add chopped cabbage, nuts and raisins to the apple to make a salad. Add more mayonnaise to moisten. Fill the Hallowe'en apple with the salad and top with the apple slice.

OF MANY THINGS

(By Ambrose Hills)

GOVERNMENTAL CONFUSIONS

Whenever governments get involved in the field of communication (or most other things), some weird situations crop up.

For example, down in the States, the Federal Communications Commission rejected protests about the Department of Agriculture establishing its own news service. The FCC claimed that it was beyond its jurisdiction to rule on such a thing.

And yet, that same government agency has been doing everything it can to rule on the content of radio and television broadcasts. Surely if it can gain control there, it cannot renounce control ever other news services, even those of other governmental departments!

We have a situation in Canada where the Board of Broadcast Governors, which has been doing a pretty good job, finds itself in trouble when it tries to apply to the CBC the same rules and regulations it applies rigorously to the private broadcasters. Sometimes the situation becomes positively ridiculous, as in the case of the football fiasco last fall.

Surely the lesson is clear. Governments should, as far as possible, be restricted to issuing statistical information through the Bureau of Statistics. Other "news" from governments is nearly always propaganda, with all sorts of political colouring.

It would be best for democracy if governments kept out of the news field entirely, and left the job to the press, radio and television.

THE BIBLE TODAY

Dr. Francisco Cuevas Cancino, Alternate Representative of Mexico to the United Nations, addressed the American Bible Society annual meeting recently when he was presented with a copy of St. Mark's Gospel in Rincon Zapotec. His Excellency commended the Bible as the inspiration of a new and better relationship among nations on the American Continent and spoke of it as the vehicle by which what is best in modern Western life is conveyed to backward peoples.

He said that the Bible helped them to make the transition without losing the sense of spiritual values. Speaking more specifically of the Rincon Zapotec, Dr. Cuevas linked it with the work of the early Franciscan missionaries, who found it necessary to preach to the Indians in their own language.

In the case of the Rincon Zapotec much care and trouble had been taken by Mr. and Mrs. Earle to create a written language for this ancient and proud people who had preserved long centuries of testing.

These Scripture translators, said His Excellency, were typical of "the kind of North American we like to see in Mexico. You do not import your standard of living, you do not pretend to live as strangers in our midst, but you come and share our community life . . . We wish to see more people of your sort."

Dr. Cuevas concluded with a warm tribute to the work of the Bible Society.

The Hillbillies and Hootenannies each scored themselves 5 points from the other two teams Up to date the Snagglepusses are still leading with 18 points, with the Alleywets right behind them with 17 and the Hillbillies with 10 and Hootenannies with 5.

Ranger News

The regular Ranger meeting was held on Wednesday, October 16th. Lynda Wagner was the hostess. The meeting opened with the repeating of the Lord's Prayer and reading the minutes of the last meeting.

It was decided to order more personalized chocolate bars that the girls are going to sell. Most of the girls are planning to visit the Retarded Infants' Home at Plainfield on Saturday. A donation will be given to this worthy organization.

Badges are to be sent to a Ranger in New Westminster, British Columbia some time in the near future.

Nancy Wilson was enrolled as a Ranger and a delicious lunch was served. Taps was sung ending a pleasant evening.

The next meeting will be a Hallowe'en party at the home of Nancy Finkle on October 30th.

The Good Driver

Hospitals, that house so much suffering, also see a lot of cheerfulness. Doctors, nurses and other workers show pleasant good humour at all times; and the patient who does not make an effort to joke and smile when possible, is an exception.

Throughout the day wards and corridors hum soothingly with quiet activity and pleasant voices. But not everywhere. Some rooms are quiet, all the time. So quiet that sometimes a nurse will take in a portable radio to lighten the silence, while she attends to the needs of the patients.

They are the men and women with brain injuries, lying motionless in a coma. Many of them are victims of traffic accidents. A disproportionate number are motorcyclists, who found they couldn't stop quite as fast as the transport ahead, says the Ontario Safety League.

Some of them will recover completely. Others, if they lie in a coma for more than a couple of weeks, may get back their physical strength, but suffer loss of memory and other mental impairment. Others will stay in a living death for a year or more before they cease to breathe.

A traffic fatality will always get into the newspapers, and sometimes into the headlines. But highway injuries are so commonplace that, as a rule, they are of interest only to the relatives and friends of the victims.

The statistics of traffic fatalities are a totally inadequate index of the total human suffering caused by selfish and reckless driving. Ontario traffic deaths in 1962 totalled 1383, but there were another 41,766 people non-fatally injured. This follows the usual pattern — two or three dozen injuries for every one who dies in traffic. Sometimes those who die at once are the lucky ones.

CLOSING DATES FOR GAME FISH IN PARTS OF THE LINDSAY DISTRICT

The monthly bulletin of the Campbellford Sportsmen's Club carries the following official information in order to clarify an apparent general misunderstanding regarding the closing dates of game fish seasons in the counties of Victoria, South Peterboro, Durham and Northumberland.

Speckled Trout and Brown Trout — closed September 15th, 1963.

Rainbow Trout — closed September 15th except in those portions of Durham and Northumberland Counties lying south of No. 2 Highway where the season has been extended to November 30th.

Lake Trout — closed October 5th and will reopen November 6th in Haliburton and North Peterborough Counties only.

Mass and Maskinonge closed October 15th except in Haliburton and North Peterborough Counties where it remains open until November 30th.

Walleye (Pickerel) — closed October 15th except in Haliburton and North Peterborough Counties where it remains open to March 31st, 1964.

The extended fall season on rainbow trout is of prime importance to the dedicated trout fishermen. Many enthusiastic anglers find the trout to be more readily available during the fall season, than the spring when adult fish quickly leave streams after spawning. The Fall fishery for rainbow trout has in recent years become firmly established as one of the major sport fishing attractions in Ontario. Some fishermen will continue to fish for rainbow, steelhead and Kamloops trout until freeze-up. We wish them well and would ask that these same anglers keep The Outdoorsman posted on the outcome of their fall outings.

HAY BAY DISTRICT TOURIST ASSOCIATION FORMED

It was my privilege to speak to an assembly of tourist-minded people of the Hay Bay district this past week. The principal purpose of the meeting was the formation of a long overdue Hay Bay District Tourist Association. In attendance at the meeting was Mr. Al Woods, District Inspector of the Department of Travel and Publicity; Mr. Bill Morris, President of the Napanee Chamber of Commerce, and the Reeves of three Hay Bay district townships.

Elected to the office of President was Mr. Art Cooper, of Blakewood Lodge, Sillsville. Mr. John Mackie was elected Vice-President, and Mrs. Percy Holley was elected Secretary-Treasurer. Directors elected were Mr. Percy Holley, Mrs. Baird, Bruce Huyck, Ernest Mepstead and John Graham.

It was decided at the meeting that the executive meet again soon to discuss ways in which the Hay Bay District can be more widely publicized to sportsmen and their families. A famous fishing area with over 48 licenced places of accommodation, Hay Bay is also home of historic Hay Bay Church linked to the early settlement of Ontario. The church is open to the public and is the district's major tourist attraction.

During the writer's recent trip to Hay Bay I learned that the distinguished Canadian actor Lloyd Bochner had just returned to California from a Hay Bay fishing trip. Mr. Bochner, a star of the NBC television series THE RICHARD BOONE SHOW is an old friend of the Hay Bay district and an ardent fisherman. When not acting on stage, television or in films he often flies up to Hay Bay to fish and relax. The former star of the Stratford Festival now makes his home in California.

BANCROFT TROUT CONTEST PROVES HUGE SUCCESS

For anglers Charles Hunt, Lorraine Slater and Don White speckled trout fishing this year was very good indeed. These three members of the Bancroft Fish and Game Protective Association walked off with the top prizes in the club's 1963 Speckled Trout contest. First prize of an Eiderdown sleeping bag went to Charley Hunt. His winning fish came from Hogan lake and weighed 4 lbs. 9 oz. The Slater fish was a close second at 4 lbs. 5 oz. It was caught in Beaudrie lake. The third place entry weighed 3 lbs. 8½ oz.

COMING EVENTS

A general membership meeting of the Great Pine Ridge Tourist Council has been called for October 30th in Cobourg. The meeting will get underway at 2.30 in the Baltimore Hotel with the introduction of guests. NEWS FOR THE BUSY FARMER

THE GREAT FAT BEFUDDLEMENT

Great confusion exists in our livestock industry because of the consumer's demands for de-fatted meat products. The line of communication between the consumer and the producer of meat is not direct but wanders among our many retailers and processors. It is not surprising that there is general lack of agreement in the industry about the desirable amount of fat in our meat products.

A sense of urgency has been added to the confusion by the propaganda against meat fat issued by food faddists allied with the vegetable fats industry. Although the theory of meat fat being related to heart disease has never been demonstrated by controlled research, consumers cannot help having some apprehension in this regard. Authentic nutritional research has shown that all fats have two and one-quarter times as much energy as protein and carbohydrate, and that many people are over-weight because of too much energy in their food. Weight control is also a serious health problem. It follows we should reduce our total fat intake if we have a weight control problem.

Palatability research has clearly demonstrated that some fat mixed through the lean is desirable. This marbling of fat improves the tenderness and flavour of meat to a small but significant degree. A moderate amount of marbling improves juiciness to a much larger degree. Moderate but not excessive marbling is very desirable for maximum palatability of beef, pork and lamb.

Consumer research has indicated that consumers prefer the cuts that appear to have less fat content. Whether in the form of untrimmed external fat, seam fat between the muscles or marbling fat within the lean, most consumers pass by the cuts containing visible fat when leaner appearing cuts are offered at the same price. Most consumers, when questioned, do not know that some marbling fat is desirable for palatability. The few who do know this fact, do not always apply it when selecting their meat purchases.

Fat presents a different problem for the retail butcher. He must pay over 40 cents per pound for the fat which is attached to the meat, which he buys as whole carcasses, and twice that price for some wholesale cuts. Then he must trim enough of the external fat from the retail cuts in order to make them attractive to the consumer. If the butcher happens to receive a carcass which contains a large amount of seam fat between the muscles of the various cuts, he must lower the retail price in order to sell them, since it is not possible to trim the seam fat from many cuts. The excess fat is only worth about one-half cent per pound when sold to a rendering plant for conversion into feed for livestock.

Retail butchers know that some fat is necessary to make the lean firm enough to cut neatly. Firm meat will look attractive longer when wrapped and exposed to the lights in the display counter.

Beef may be tenderized by ageing in a cooler for ten days, but only if it has a moderate covering of fat to protect the lean from bacterial spoilage and loss of moisture.

In order to obtain repeat business, the butcher must give some consideration to the palatability of his meat. He must balance this against loss from fat trim, shelf life on the meat counter and consumer buying habits. His price for any particular cut is not always established on the basis of a simple percentage mark-up. Sales promotions which feature particular cuts often confuse the price-quality relationship.

Beef, veal and lamb is generally sold by the meat packer to the retailer in the form of carcasses which are cut up at the store. Practically all of the pork is sold as counter-ready retail cuts or as wholesale which require a minimum of further cutting. As a result, beef carcasses grades are identified from the packing plant to the retailer, for use by the consumer as a basis for quality selection. Pork carcass grades are not identified with retail cuts and are only used as a basis for value assessment, to pay the producer for hogs delivered to a packing plant.

A major source of confusion about the desirable amount of fat in our meat products is due to the apparent contradiction in our grade standards. For beef, veal and lamb the higher grades contain more fat than the lower grades. For pork, the reverse is true and the very lean pork carcess is high grade. The explanation is that beef, veal and lamb are graded for eating quality for which some fat is desirable.

The meat packer buys livestock from the producer, generally in accordance with the grade standards. His particular problem is to obtain livestock with the proper degree of fatness to meet the requirements of the retail butcher. Many times the packer is unable to obtain the proper grades to fill his orders and must attempt to substitute. This is where some of the criticisms of pork products are justified.

Overfat hogs may be trimmed of external fat when the cuts are made but it is very difficult to trim the seam fat from between the muscles. In some cuts such as pork chops from the blade end of the loin, it is not possible to trim the seam fat. It is more unattractive to the consumer and must be reduced in price in order to sell. In some processed pork cuts the consumer is unable to see the seam fat because of the packaging method.

The meat packer and the retail butcher can only process what is available to them. The producer of the livestock is in control of the original form of the product, which determines to a large extent the final form as it appears on the meat counter. It is the producer's responsibility to resolve the confusion in his industry about the desirable amount of fat in meat products.

CONSERVATION NEWS

PROVINCIAL PARKS

Duing the holiday season, May 15th to September 30th, 1963, a total of 537,860 people visited Tweed Forest District Provincial Parks as follows:

Outlet Provincial Park, 299,665 visitors; Bon Echo, 98,547; Black Lake, 57,239; Lake St. Peter, 38,015; Lake on the Mountain, 30,000; Sandbanks, 14,394.

The following figures are an indication of the increasing popularity of Tweed Provincial Parks over the past six summer seasons:

1958, 88,000 visitors; 1959, 359,853; 1960, 223,937; 1961, 318,865; 1962, 482,004; 1963, 537,860.

Several quite obvious changes and trends were noticeable this past season in relation to types of camping equipment in use and camper movement. These changes are quite significant to those of the staff charged with the responsibility of planning long and short range parks development.

A few changes of interest are noted below:

(a) Many families tried off season week-end camping trips in late April and May and again in late September and October.

(b) Decided increase in number of families using cabin trailers and tent trailers.

(c) Larger tents are being used complete with screened in dining areas and canvas porches.

(d) Families are venturing farther from home and staying slightly longer at campsites.

(e) Increase in number of families owning boating equipment very evident.

(f) More campers are learning to cook outdoors, using less canned foods and more fresh produce and meats.

(g) Long family hikes are becoming very popular.

Tweed District Provincial Parks staffs are now preparing for winter and another outdoor season next year. Needless to say they will miss playing host to those answering the call of the outdoors during the next few months, however, in the interval they will entertain many fond memories of many fine people.

LEGION NOTES

All members of Branch No. 228 are reminded of the annual branch Hallowe'en Dance to be held at the Legion Hall this Saturday, October 26th at 8.30 p.m. Admission will be $1.00 per couple if in costume. If not in costume the admission price will be doubled to $2.00. Special costume prizes are being offered and of course another tasty lunch is planned.

With the approach of Remembrance time, veterans all across the country turn their thoughts to comrades who died in war. With their memory before us, we should begin to look at our membership in the Legion not only as a great privilege, but as a solemn obligation as well. "To you throw the torch, be yours to hold it high, if ye break faith with us who die we shall not sleep." The Legion has a solemn obligation to hold high the torch. Remembrance should inspire all veterans to accept this challenge and this responsibility. One of the best ways to do this is to become a member of the Royal Canadian Legion.

We again remind all members of the Branch Church Parade on Sunday, November 10th to St. James the Minor Church. The branch will fall in at 8.15 a.m. at Tanner's Service Station and proceed to church for service at 9.00 a.m.

As was announced last week, the annual Remembrance Day Dinner of Stirling Legion will be held at the Sterling Hotel on Monday, November 11th at 6.00 p.m. Comrades Ray Tanner and George Noble have tickets on hand priced at $1.50 each. All members of the branch are asked to purchase their tickets at once in order that we can advise the hotel of the number to prepare for. Accommodation is limited and you are asked to look after this at once.

It is expected that Legion canvassers will sell wreaths to local merchants starting early next week. Arrangements are being made to distribute the wreaths to all local business establishments for display purposes. At the same time arrangements will be made to pick up the wreaths just prior to November 11th. When the Legion canvasser calls on you we sincerely ask your generous support.

High School Seniors Win Again

(By Paul Leonard)

On Friday, October 18th, Stirling's powerful senior football team moved a notch closer to the coveted cup as they squeezed past Tweed by a narrow margin of 2-0. Most of the credit for this victory goes to the team's star kicker Andy Faulkner. Once he kicked the ball out of the playing zone at the end of the field for one point and he also kicked one into the end zone where our tacklers creamed the ball carrier behind the line for the other point.

The seniors play again on Friday against Marmora in Marmora.

Ted's Tack Shop Officially Opened

An addition to the business life of the Village materialized this week with the official opening on Monday of "Ted's Tack Shop" at the rear of Cairns Shoe Store.

Ted, who is the only son of Wm. Cairns, local shoe merchant, began working on saddles and other show horse paraphenalia as a hobby. Later, sensing a future in this line of merchandise, he decided to establish a separate department in which to display it.

Selecting part of the family garage at the rear of the store, he constructed a room 32'x12', with knotty pine siding, flourescent lighting, concrete floor and tile ceiling. This room is stocked with saddles, of all types, bridles, halters, blankets — in fact everything from the smallest harness ornament for the horsemen.

The official opening on Monday was attended by horsemen from points as far distant as Kitchener, Stratford, Burlington, Cobourg, Baltimore, Cataraqui, Kingston and Picton, all of whom were loud in their praise of the local shop.

"Ted's Tack Shop" is a fine addition to the business life of the community and local citizens join in congratulating the owner on his initiative and wish him well in his new venture.

Hastings Deanery At St. Thomas Church

The annual meeting of the Deanery of Hastings was held in St. Thomas Anglican Church, Rawdon, on Tuesday, October 22nd, with a Celebration of Holy Communion at 10.00 a.m. The celebrant was Rev. G. Rennison, Rural Dean of Hastings, assisted by Rev. Stewart, Marmora, and Rev. J. Savarimuthu, of the Diocese of Singapore. There were 80 communicants.

Rev. Savarimuthu, as preacher, chose as his text verses 1-3 from the 8th chapter of St. Luke's Gospel — a record of a group of women working for Christ. His message was inspiring and held the attention of all.

At 11.30 the Deanery President, Mrs. Ed Colden, spoke a word of welcome and read the minutes of the last Deanery meeting. Two branch reports were given. Dinner was served in the Orange Hall at 12.00 noon.

Following the meal the Rural Dean expressed thanks to Rev. Stewart and the ladies of the W.A. He then introduced the clergy, with 9 members present. Rev. Hawkes, Tweed, read a note of regret from Rev. Downing, Stirling.

Rev. Samarimuthu, a native of India, and has served in Malaya and Singapore, spoke briefly of his parish and his work within a radius of from 2500 to 4000 square miles. He showed the need for helpers trying to win people for Christ.

Mrs. Colden introduced Mrs. Bagley, Dominion Treasurer, and all Board members present.

Mrs. Mitchell, Diocesan President, made a request from the Padre at Kingston Penitentiary for a sale of bookmarks made by the inmates to start a fund much in need.

Rev. Hawkes moved a vote of thanks to the ladies of St. Thomas for the dinner and Rev. Stewart expressed thanks to the neighbouring church ladies for help. On behalf of the St. Thomas Branch Mrs. Lindsay Tanner introduced the ladies present from Salem United Church and St. John's Stirling, and thanked them for their wonderful assistance with the dinner.

St. Andrew's Church West Huntingdon Anniversary Services

The 80th anniversary services held at St. Andrew's Presbyterian Church, West Huntingdon on Sunday, October 20th were well attended. The services were conducted by the Rev. A. E. Tommbs, Campbellford.

Morning Worship

"The Church in a Revolutionary World."

We are all quite aware the church is gradually going down — church members are no longer faithful in attendance but get out only on special occasions. The world is rapidly changing. The world is standing at the crossroads when Israel stood at the crossroads she preferred to go her own way, forsaking God.

When a nation turns from God there is always degeneration and ruin. It takes years to build a nation up and everything can be thrown away in a generation.

Some people think of God as a kindly old grandfather. Biblical history tells us that God is a god of righteousness, a jealous god and a god of anger as well as love. He demands our best. The church has a message to proclaim "Ye must be born again."

Evening Service

"Sure and Certain Hope."

In this land of Canada most of us cannot look back on a period of hopelessness and despair. For instance the health of the people has greatly improved. We know little or nothing of epidemics. Modern science has done away with hopelessness and despair.

Canada has never been invaded or known the horrors of war. In Mark we read of the man who was possessed with demons, the woman with a fatal disease, a child who was dead were all healed because they believed. The whole human race is affected by a sickness called sin. We see here the needs of a man, a woman and a child were met by Jesus Christ.

Jesus wept over Jerusalem, so dear to God, yet to be soon destroyed. Because the people would not believe it could be destroyed they lost the opportunity to prevent the ruin.

The church has failed in her responsibility and no longer has a cutting edge. The religion we have passed onto our children has not been adequate.

Music

Special music under the direction of choir leader Mrs. J. McInroy, with Mrs. Lindsay Sills at the piano included in the morning an anthem, "Did You Thing to Pray," with solo parts by Mrs. Milton Shaw, and a solo, "The Love of God," by Mrs. Irvine Badgley. During the evening service the choir rendered two anthems, "The Church's One Foundation" and "God Is Near."

The high single and double went to Robert Cooke with scores of 179 and 308, followed closely by Chris Whitehead with 175 and 304.

October 26th — The Hi-Lows were 5 to 0 winners over the Unstrikeables as were the Jetsons over the Flintstones.

Team standings to date — Bob West's "Hi-Lows," 23 points; Robert Cooke's "Jetsons" 22; Cheryle Conley's "Unstrikeables" 20 and Greg Dafoe's "Flintstones" 5.

CANADA DEPARTMENT OF AGRICULTURE

CHEESE TIDBITS

Cheese displays in the stores are more attractive than ever. Along with our good Canadian cheddar cheese, there are now over 40 different European-types cheeses made in Canada.

The Consumer Section, Canada Department of Agriculture gives us a few facts about Canadian cheddar cheese. "It is made in large rounds or blocks 90 to 40 pounds in size. Most cheddar is graded Canada No. 1 on the basis of flavor, texture and color. However, when it is cut up in pieces or wedges and sold in the store, the grade name is not marked on it. It is sold as "mild", "medium" or "old" cheddar depending on the degree of maturity. "Mild" cheddar may be a few days old up to 2 or 3 months of age; "medium" cheddar is aged for 6 months or more; and "old" cheddar is 9 months old or more. The care required in aging cheese accounts for the slightly higher price for medium or old cheese.

The Consumer Section, Canada Department of Agriculture have these tips about storing cheese. "To retain the good quality of cheese, keep it in a covered container or wrap it in heavy wax paper or foil and store it in the refrigerator. When storing a large piece of cheese, protect the cut side with a coating of paraffin wax paper pressed on with a hot iron. Remove cheese from refrigerator at least one hour before serving. You will then enjoy its fine flavor to the fullest.

The Consumer Section, Canada Department of Agriculture has these reminders about using Canadian cheese.

Cheese enhances the flavor of many foods. Sprinkle grated cheese on hot vegetable, onion or cream soups.

To vary the flavor of pancakes, add grated cheese for increased food value and flavor.

For a delicious flavor combination, try crisp bacon in your cheese sandwich.

When you make your next apple pie, try placing a few slices of cheese over the apples before baking the pie.

Cheese and crackers or cheese and melba toast is an excellent accompaniment for fresh apples or pears for dessert.

Cheddar cheese is a natural for luncheon or supper dishes. The home economists of the Consumer Section, Canada Department of Agriculture suggest this recipe for an easy-to-prepare supper dish.

Baked Cheese Puff

- 8 slices buttered white bread
- 2 cups shredded medium cheddar cheese
- 3 eggs
- 3 cups milk
- ½ teaspoon Worcestershire sauce
- 1 teaspoon salt
- ¼ teaspoon pepper
- Dash of cayenne
- ½ teaspoon dry mustard
- 3 slices bacon

Arrange 4 slices of buttered bread in a greased baking dish. Sprinkle with half the cheese. Repeat with remaining bread and cheese. Beat eggs, add milk and remaining seasonings. Pour custard mixture over the bread and make in a moderately hot oven 350 degs. F. for 30 to 35 minutes. Cut bacon in small pieces, fry until crisp and sprinkle over the cooked puff just before servings. Six servings.

The cost of providing a man with a place to work, machinery and tools at a car manufacturing plant in Canada is estimated to be in excess of $18,000.

Former River Valley Resident Dies

One of River Valley's former residents Mrs. Clayton Frechette (Violet Richardson) passed away in Belleville General Hospital on October 22nd. She suffered a stroke and had been in ill health for the past two years. She was in her 64th year.

She was born in River Valley, a daughter of the late Mr. and Mrs. Joshua Richardson and attended the River Valley School. She was a telephone operator at Frankford and later accepted a position in Rochester, N.Y. where she lived for several years, staying with an aunt and uncle, Mr. and Mrs. Darwin Desmond, Rochester, N.Y.

Of a happy and cheerful disposition she had many life long friends. The beautiful flowers, the many Mass cards and the large number of friends who called at the funeral home were a silent testimony to the love and esteem in which she was held.

She leaves to mourn her husband, Mr. Clayton Frechette, of Belleville; two sisters, Mrs. Ramsey (Bessie) Cooney, River Valley, and Mrs. Dave (Helen) Lamb, Stirling; three brothers, Bruce Richardson, River Valley; Murney Richardson, Trenton, and Ross Richardson, St. Catharines.

She was predeceased by a sister, Mrs. Delbert (Dollie) Reddick, Toronto, and two brothers, Gilbert Richardson, Toronto, and Morley Richardson, of River Valley.

She rested at the George O'Brien Funeral Home with service at St. Michael's Church.

Pallbearers were Messrs. Howard Cooney, Lloyd Cooney, Jim Lynch, Tom Lynch, Wm. Lynch and Jim Bland.

NEWS FOR THE BUSY FARMER

FALL CARE OF YOUR HEIFERS

(By J. A. Dalrymple, Chief Instructor and Extension Specialist Animal Husbandry Division Kemptville Agricultural School.)

Every farmer who is raising heifers either for replacements or for sale should be taking a close look at his young cattle on pasture these days. Far too many heifer pastures are merely exercise yards this time of year. There is little growth left after pasturing all summer, perhaps it was not too good in the spring. The heifers are not producing, so little thought is given to them. If young cattle, this time of year, have good pasture, (4 to 6 inches high) and shelter, even a bush, they can stay out for some time but they must have more than an old rough pasture; one which cattle have pastured for years.

Far too many heifers lose flesh in the fall. They may appear to be doing well but they are getting thinner every day and growing a thick coat of hair which makes an ideal place for lice to multiply.

Our dairy heifers could come into production at a younger age if they were properly grown. The most profitable dairy heifers are the ones that go to work early. A Wisconsin study showed that even by seven years of age late freshening heifers, 3 years or over, had not caught up in production with those which freshened at 26 months.

If you are satisfied that you come fairly close to doing the following for your heifers, then you will enjoy your sleep, the cold stormy nights this fall.

1. Have they sufficient pasture, not acres?

2 Do they have access to clean fresh water at all times?

3. Have they some type of shelter from storms? A cedar bush is ideal.

4. Put heifers near freshening with the milking herd so they can get extra feed and be handled before freshening.

5. Provide salt and mineral at all times. This is almost as important as plenty of eat and drink.

6. Do not leave in field as weather becomes severe.

7. When brought from pasture feed all roughage they will eat. Only heifers that are to calve, or small ones need grain.

8. Do not tie them in stable and not allow them to get out for exercise. They can spend some time in the barn yard if they get plenty of good hay.

9. Check for lice and treat.

10. Give your heifers the chance to be the cows they were bred to be.

What Others Say

ALDERMEN CAN'T BE SALESMEN

The town council of Trenton, Ont., has asked the provincial government to make it legal for members of municipal councils to have business dealings with their municipality, for a mayor who was a car dealer to sell cars to his city, for example.

The answer should be no, no, a thousand times no.

This is not to reflect on the integrity of anyone now sitting on a municipal council in Ontario. But if such business became legal, municipal election campaigns would soon be full of candidates whose only object was to get a foot in the door of the municipal purchasing department.

Council haggling over whose ward is to get the new street lights is bad enough. Council haggling over whose firm was to get the new contract would be intolerable. —Ottawa Journal.

St. Mark's W.A. Bonarlaw

The October meeting of St. Mark's W.A., Bonarlaw, was held at the home of Mrs. Jack Fraser on Thursday the 10th at 2.00 p.m.

The President, Mrs. Barlow, welcomed all present and thanked Mrs. Fraser for the use of her home. Roll call was answered by 12 members and 1 visitor.

Correspondence was read and it was reported the Deanery Meeting would be held on October 22nd at Rawdon.

It was decided the W.A. would purchase some combined Prayer and Hymn Books to be placed in the Church.

The programme was in charge of Marjorie Vilneff and Mrs. Grace Matthews. Mrs. Eggett and Mrs. Wellman each gave a reading and Mrs. Matthews conducted a contest.

A lovely lunch was served by the hostess.

Beulah United Church Holds Anniversary Services

Music

Special music at the morning service under the direction of Mrs. Keith Bray, choir leader and organist, included two numbers by the guest soloist, Mr. Harold Brintnell, Madoc, who sang "Ship Ahoy" and "It's Real," and an anthem, "If Christ Should Come," by the choir. At the evening service Mr. Wm. Reynolds, of Stirling, sang two solos, "How Great Thou Art" and "The Holy City" and the choir rendered "The Friendship of Jesus."'

OF MANY THINGS

(By Ambrose Hills)

WHAT ABOUT THE CANADA PENSION PLAN?

I've now reached the age where the very word "Pension" has a lovely ring to it, so I read about the Canada contributory wage-related Pension Plan in a sympathetic mood. I would probably not have too many years in which I would have to contribute, but at retirement I'd have a very nice little pension . . . most of it paid for by somebody else. Should I look a gift horse in the mouth?

Well, many of the gifts I have had in this life have cost me a great deal more than those things I went out and bought for myself. So I did take a look at this gift horse, and I have grave doubts about whether I want it or not.

Added to my own doubts are the words of experts in the actuarial field. They have said the plan is unsound, and I'm inclined to believe them. Politicians draw attractive ideas out of political hats in order to dangle plums before the voters. They leave it to the technical people, in the government service, to try to work out the details — and sometimes those details can be uncommonly difficult. I recall that the Unemployment Insurance scheme was one that just didn't work out as planned; and I would not like to see Canadians start a pension fund that had cracks in it. The whole thing is far too important to engage in without a great deal of thought. Contributions to such a plan could take about ten per cent of a man's weekly wage.

I cannot bring myself to believe that any political party has my personal welfare so much at heart that it wishes, at once, to work out a pension plan for me, and that it will brook no delay in doing me good. I suspect that this great speed is due to a desire to win friends and influence voters.

Perhaps Canada can afford some sort of wage-deduction pension plan. Certainly we cannot afford an unsound one. While it may be attractive to oldsters like me, it could de disastrous for our sons and daughters who will have to try to pay for it out of their earnings. And if such a plan failed, it would be disastrous for all of us.

It seems to me that it would be wise for the government to delay this plan until the experts have all been heard. To force it on the public would be a great mistake.

Burris -- Stickle Wedding Solemnized

Johnstown United Church was the setting for a lovely wedding on Saturday, October 12th, when Thelma Ann Stickle, daughter of Mr. and Mrs. Earl Stickle, R.R. 5, Trenton, was united in marriage to Corey Douglas Burris, son of Mr. and Mrs. Earl Burris, R.R. 2 Consecon. The Rev. G. A. Puttenham, of Cherry Valley, performed the double ring ceremony assisted by Mr. Brien Thrasher before a background of bronze, yellow and white 'mums and pink snapdragons. White satin bows designated the guest pews.

Miss Evelyn Harry, Trenton R.R. 5, as pianist accompanied the soloist, Mr. Ronald Elmy, of Belleville, in his renditions of "The Wedding Prayer" during the ceremony and "O Perfect Love" during the signing of the register.

The bride, given in marriage by her father, wore a floor-length bridal gown of white peau de soie highlighted with a sweetheart neckline, lace appliques and long lily-point sleeves. Her shoulder-length veil edged with a wide lace band flowed from a seeded pearl tiara. A single strand of pearls and pearl earrings completed her ensemble. She carried a bouquet of red roses and white carnations mingled with lacy fern.

Mrs. Ernest Kennedy, Garden City, N.Y., sister of the bride, as matron of honor, and the bridesmaid, Mrs. James Payette were identically attired in street-length dresses of gold peau de soie with matching shoes. Their headdresses were of matching feathers and each carried a bouquet of golden 'mums.

Mr. Keith Burris, of R.R. 1 Consecon, attended his brother, while Mr. Ernest Kennedy, of Garden City, N.Y., brother-in-law of the bride, and Mr. Graeme Burris, of Point Anne, cousin of the bridegroom were the ushers.

The reception was held in Aikens Community Hall where each table was decorated with yellow 'mums and the bride's table prettily appointed with white linen cloth and pink and white streamers and centred with a three-tier wedding cake with pink swan pillars and topped with miniature bride and bridegroom. Misty tulle with pink rosebuds encircled the base of the cake.

The bride's mother received the guests wearing a dusty rose dress of silk lace over taffeta, matching accessories and a corsage of tinted green carnations. She was assisted by the bridegroom's mother who was dressed in a gold brocade sheath with matching jacket, brown accessories and a corsage of green tinted 'mums.

For the wedding trip to points in Northern Ontario the bride chose a gold basket-weave dress with matching jacket, brown accessories and a green cymbidium orchid.

Guests were present from New York, Toronto, Barrie, Belleville, Frankford, Picton, Almonte and Hamilton.

Previous to the marriage a community shower was held in the Acme Community Hall; a miscellaneous shower by the girls from the Ontario Hydro at Frankford and a presentation by the Frankford-Sidney Hydro Club of which the bride is a member when she was the recipient of a coffee percolator and a crystal cornflower cake plate.

Mr. and Mrs. Burris are residing at Consecon R.R. 2.

LEGION NOTES

Following a meeting at the Legion Hall last Thursday evening, the Executive of Stirling Legion has taken immediate steps to appoint a new Boy Scout Group Committee. As was announced some weeks ago, the present Group Committee tendered its resignation as of October 31st. The Legion as Scout Group sponsors were faced with the problem of replacing such a Group Committee to organize and supervise scouting in this community.

Last Thursday evening the Branch Executive met with several members of the retiring Scout Group Committee. The meeting which lasted over two hours did much to clear the way for the appointment of a new Group Committee. The branch was given a very clear picture of scouting in Stirling. It was the consensus of opinion that the retiring Group Committee has done an excellent job in fulfilling its task. The resignation of the Group Committee was accepted with regret and sincere appreciation for their faithful work on behalf of scouting in this area.

Until a new Group Committee has been appointed, the Legion Executive will act as an interim Group Committee so that the leaders and the boys will not be without assistance and guidance. It is hoped that a new Committee will be announced within a very short time.

The Remembrance Day programs are expected from the printer within a few short days. As in past years, the public is invited to take part in the observance of Remembrance Day at the local Memorial Park. The service of remembrance will commence at 10.30 a.m. Rev. F. Downing, Padre of Branch No. 228, will be in charge of the brief service. Wreaths will be placed by the next-of-kin of local and district veterans who fell in two World Wars.

The Legion will parade to the cenotaph from the Stirling Community Hall. All members of Branch No. 228 are asked to fall in at 10.15 a.m. at the Community Hall. The Legion also extends a sincere invitation to the Scouts, Cubs, Guides and Brownies to also parade on this solemn occasion. Anyone wishing additional details should call Comrade Bruce Glendinning, Branch Sgt.-at-Arms.

Following the service at the Stirling Cenotaph, the Legion will immediately proceed to the Rawdon Township Memorial at Harold for a brief service of remembrance. Residents of Rawdon Township are invited to participate in this as well as the Stirling service. It is expected that the Legion will arrive at Harold at approximately 11.30 a.m. on November 11th.

We take this opportunity of reminding all Branch members of the Branch Church Parade to St. James the Minor Church on Sunday, November 10th. The Legion will fall in at Tanner's Service Station at 8.15 a.m.

The regular November business meeting of Branch No. 228 will be held on Tuesday, November 5th at 8.15 p.m. at the Legion Hall. This will be an important meeting of our branch and we urge all members to note the date and time. Final arrangements will be made for the Remembrance programme. We hope to see a good turnout at this meeting on Tuesday, November 5th.

Senior Rugby Team Defeated By Marmora

(By Paul Leonard)

Well it finally happened! The Stirling Senior team was defeated by a very powerful Marmora team. It was a real "fight" all the way.

Stirling's star ball mover, Doug Bird, suffered a leg injury early in the game when the score was 1-1. From then on we obtained several minor sprains and bruises while Marmora obtained a touchdown. It was a real tough game and although Stirling played a good all-round game, Marmora seemed to have the edge. Stirling did not lack enthusiasm as the bus load of spectators really whooped it up and near the end of the game they formed into a real "swinging" group.

The final score was 8-1 for Marmora and this forced Stirling and Marmora into a playoff game that is to be played on Wednesday at Quinte, Belleville.

JUNIORS LOSE TO MADOC

The local Junior Football team completed their schedule last week by losing to the Madoc Juniors. The boys were unable to score but they came close; however that only counts in horseshoes.

Some of the boys stood out all season and they played strong and showed a lot of enthusiasm right up to the finish. Mr. Harris and Mr. Allcorn would like to thank the boys and are proud of the juniors who have moved up to the senior team in an effort to help out in their playoff game.

CONSERVATION NEWS

WOODLOT MANAGEMENT

In the fall tree farmers and woodlot owners begin to think about harvesting their forest crop. For most owners of forest land, timber harvesting is the only operation which takes place in their woodlot. Hence it is extremely important that the cutting take place in a manner which will yield maximum benefits to the woodlot.

Cutting, properly timed and well directed, can result in increased production. Conversely poorly timed or poorly directed cutting can reduce the woodlot from a highly productive asset to a liability.

Forest research has shown that yields of three to five hundred board feet per acre per year are not impossible on good sites. Most woodlots in the district yield less than ten per cent of this amount. The difference can be attributed almost entirely to present or past woodlot management practices.

Below are some of the guiding principles to follow when planning a logging operation.

(1) Try to provide young thrifty trees with sufficient space to grow at the maximum rate by removing some of the trees around them.

(2) Try to remove as many poor quality slow growing trees as possible. This includes trees of poor form, diseased trees and low value species.

(3) Leave high quality trees of desirable species for seed.

(4) Aim at concentrating as much of the annual growth as possible on high quality trees.

(5) Do not cut trees which are growing rapidly simply because they have reached merchantable size. Other things being equal a large tree is more valuable per board foot than a small tree because it contains a higher proportion of high quality wood outside the heart centre.

Afternoon Session

The afternoon session began at 1.30 p.m. conducted by Mrs. Colden and opened with the singing of a hymn. Capt. Thompson, of Madoc, gave the opening prayer. The address of welcome was given by Mrs. Ted Preston, President of St. Thomas W.A. Mrs. Frank Thompson, Tweed, made a suitable reply.

Following the roll call Mrs. F. Mitchell introduced the guest speaker, Mrs. Bagley. She said, "My work as Treasurer is my stewardship." The W.A. is much more than a money making organization. It is the use of all our talents. We must realize how much there is for us to do, starting at home, to our enighbours and to our parish priest. She explained where our money is spent.

If we as W.A. workers do not do our work then the overseas and Canadian mission fields cannot be helped. Mrs. O'Krafka thanked Mrs. Bagley.

Five branch reports were given and Mrs. Jackson, 1st Vice-President, spoke on the Dominion Annual which she had attended and announced the thank offering had been more than last year.

A hymn was sung and the offering was received and dedicated by the singing of the Doxology.

Mrs. Mitchell, also a delegate to the Annual Meeting at Winnipeg, reported and gave an interesting talk on the meetings which she attended.

The remaining branch reports were read. Each of the Diocesan Board members spoke briefly of her work as secretary of the department for which she represents. Mrs. Findlater, Treasurer; Mrs. Godden, Dorcas Secretary; Mrs. Cherry, Junior Work; Mrs. McCullum, Little Helpers; Mrs. Uttley, Social Service Work; Mrs. Woods, Educational Secretary.

Pakistan embroideries and literature were on display for sale. The offering for the day amounted to $67.60 and voted to the Primate's Relief Fund.

It was decided to hold a Workshop meeting this year.

Mrs. George Noble, Stirling, was elected Deanery President for the next two years.

Mrs. Mitchell voiced thanks to Mrs. Colden as Deanery President for the past two years and welcomed Mrs. Noble. An invitation was accepted from Trenton for the Deanery Meeting in 1964.

A hymn and closing prayers by Rev. Hawkes closed the meeting. Lunch was served in the hall.

Watch Should Be Wound Fully at Same Time Daily

The delicate mechanism requires constant care and protection to function best, says the Canadian Jewellers' Association.

And to give you an idea how fragile a watch is there are at least 127 parts and screws in the tiny models popular with ladies, and that these parts are so small it would take 50,000 of them to fill a thimble.

A watch should be wound fully at the same time every day.

Have no fear of overwinding. If your watch stops when its fully wound, it's dirty.

Always take a watch off your wrist for winding because pressure caused by winding on the wrist could break the stem.

Although watch cases are tight, moisture and dust particles can seep inside them to cause rust or clog the moving parts.

A wrist watch should be removed for doing dishes or any other work in water "even if it is waterproof."

Even in the course of daily household routine, taking meat from a freezer and putting it directly into a hot oven can cause the mainspring to break.

There's more breakage of this kind in the summer when high temperatures expand the spring, making it vulnerable at all times.

When buying a watch, consider the occupation of the person who will wear it. A man who works in an office doesn't require the shockproof features of a watch to be worn by a carpenter.

Always buy a watch at a reputable jeweller and preferably one who has facilities for servicing. If you buy an unknown brand — and there are many good little-advertised brands — know your retailer.
